Report of Independent Auditors

Audit Committee
Kentucky Retirement Systems
Frankfort, Kentucky

We have audited the accompanying schedules of employer allocations of Kentucky Retirement Systems' (KRS) Kentucky Employees Retirement System (KERS) Insurance Fund and County Employees Retirement System (CERS) Insurance Fund as of and for the fiscal year ended June 30, 2017, and the related notes. We have also audited the total for all entities of the columns titled net Other Postemployment Benefits (OPEB) liability as of June 30, 2017 and 2016; total deferred outflows of resources as of June 30, 2017; total deferred inflows of resources as of June 30, 2017; and total OPEB expense for the fiscal year ended June 30, 2017 (collectively, specified column totals) included in the accompanying schedules of OPEB amounts by employer of the KERS and CERS Insurance Funds and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair representation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedules of employer allocations and the specified column totals included in the schedules of OPEB amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocation and specified column totals included in the schedules of OPEB amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules of employer allocation and specified column totals included in the schedules of OPEB amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer allocations and specified column totals included in the schedules of OPEB amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

DRAFT

Opinion

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net OPEB liability as of June 30, 2017 and 2016, total deferred outflows of resources as of June 30, 2017, total deferred inflows of resources as of June 30, 2017, and total OPEB expense for the fiscal year ended June 30, 2017 for the total of all participating entities for the KERS and CERS Insurance Funds as of and for the fiscal year ended June 30, 2017, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the combining financial statements of the KRS Insurance Funds as of and for the fiscal year ended June 30, 2017, and our report thereon, dated December 7, 2017, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of KRS management, Audit Committee, Board of Trustees, KRS Insurance Funds employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

The accompanying notes are an integral part of these schedules.

County Employees Retirement System (Non-Hazardous)

Employers are presented in order by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and as such reporting employers may appear on multiple schedules.

Employer Code	Employer Name	June 30, 2016 Net OPEB Liability	Net OPEB Liability as of June 30, 2017: Discount Rate 5.83%	Discount Rate Less 1.00% 4.83%	Discount Rate Plus 1.00% 6.83%	Health Care Trend Rate 1% Decrease	Health Care Trend Rate 1% Increase	OPEB Expense: Proportionate Share of Aggregate Plan OPEB Expense	Deferred Amounts from Changes in Proportion & Differences Between Employer Contrib. & Proportionate Share of Plan Contributions	Gross Employer OPEB Expense	Proportionate Share of Nonemployer Contributions	Net Employer OPEB Expense	Implicit Subsidy Year Ending 6/30/2018	Deferred Outflows: Liability Experience	Assumption Changes	Investment Experience	Change in Proportion & Differences Between Employer Contrib. & Proportionate Share of Plan Contributions	Total Deferred Outflows of Resources	Deferred Inflows: Liability Experience	Assumption Changes	Investment Experience	Change in Proportion & Differences Between Employer Contrib. & Proportionate Share of Plan Contributions	Total Deferred Inflows of Resources	2018	2019	2020	2021	2022	Thereafter

Kentucky Retirement Systems
Schedule 1 - Schedule of OPEB Amounts by Employer
Fiscal Year Ended June 30, 2017
(Continued)

County Employees Retirement System (Non-Hazardous)

Employers are provided an entity by assigned employer reporting code. There are separate schedules for Non-Hazardous and Hazardous and an each reporting employer's reporting system (or both) for valuation.

Employer Code	Employer Name	June 30, 2016 Net OPEB Liability	Net OPEB Liability as of June 30, 2017					OPEB Expense					Implicit Subsidy Year Ending 6/30/2017	Outstanding Balance of Deferred Outflows of Resources					Outstanding Balance of Deferred Inflows of Resources					Recognition of Existing Deferred Outflows of Resources for Future Plan Years Ending June 30,					
			Demand Rate FY17s	Demand Rate less 1 year FY17s	Demand Rate Prior 5 FY17s	Health Care Trend Rate FY Demand	Health Care Trend Rate FY Increased	Proportionate Share of Aggregate Plan OPEB Expense	Deferred Amounts from Changes in Proportion & Differences Between Employer Contrib. & Proportionate Share of Plan Contributions	Gross Employer OPEB Expense	Proportionate Share of Nonemployer Contributions	Net Employer OPEB Expense		Liability Experience	Assumption Changes	Investment Experience	Change in Proportion & Differences Between Employer Contrib. & Proportionate Share of Plan Contributions	Total Deferred Outflows of Resources	Liability Experience	Assumption Changes	Investment Experience	Change in Proportion & Differences Between Employer Contrib. & Proportionate Share of Plan Contributions	Total Deferred Inflows of Resources	2018	2019	2020	2021	2022	Thereafter

Notes to the Schedule of Employer Allocations and OPEB Amounts by Employer
For the Fiscal Year Ended June 30, 2017

Organization

Under the provisions of Kentucky Revised Statute Section 61.645, the Board of Trustees (the Board) of Kentucky Retirement Systems (KRS) administers the Kentucky Employees Retirement System (KERS), County Employees Retirement System (CERS), and State Police Retirement System (SPRS). Although the assets of the systems are invested as a whole, each system's assets are used only for the payment of benefits to the members of that plan, and the administrative costs incurred by those receiving an insurance benefit, in accordance with the provisions of Kentucky Revised Statute Sections 16.510, 61.515, 61.702, 78.520, and 78.630.

The Board of Trustees, as of December 1, 2017, is comprised of John Farris, Chair, Governor Appointee; David L. Harris, Vice Chair, Governor Appointee; W. Joe Brothers, Governor Appointee; John E. Chilton, Governor Appointee; William S. Cook, Governor Appointee; Kelly Downard, Governor Appointee; Thomas K. Elliott, Governor Appointee (non-voting); J. T. Fulkerson, Governor Appointee; David M. Gallagher, Governor Appointee; Matthew Monteiro, Governor Appointee; Neil P. Ramsey, Governor Appointee; Thomas B. Stephens, Personnel Secretary, Ex-Officio; Vince Lang, elected by KERS; Keith Peercy, elected by SPRS; Betty Pendergrass, elected by CERS; Mary Helen Peter, elected by KERS; Jerry W. Powell, elected by CERS; and David Rich, elected by CERS.

KERS Non-hazardous, KERS Hazardous, CERS Non-hazardous, and CERS Hazardous Insurance Funds are cost-sharing multiple-employer defined benefit Other Postemployment Benefits (OPEB) plans for members that cover all regular full-time members employed in non-hazardous and hazardous duty positions of any state department, board, agency, county, city, school board, and any additional eligible local agencies electing to participate. The plans provide for health insurance benefits to plan members. OPEB may be extended to beneficiaries of plan members under certain circumstances.

SPRS is a single-employer defined benefit OPEB plan that covers all full-time state troopers employed in a hazardous duty position by the Kentucky State Police. The plan provides for health insurance benefits to plan members. OPEB may be extended to beneficiaries of plan members under certain circumstances. No schedule has been presented for SPRS, since it is a single-employer defined benefit OPEB plan.

Relationship to Combining Financial Statements

The Schedule was reconciled to the Plan's Statement of Changes in Plan Net Position – Insurance Fund in KRS' Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2017, with the following difference.

- The 1% of pay member contributions for Tier 2 and Tier 3 members to a 401(h) subaccount on the Pension Funds is considered as an OPEB asset. As a result, the reported plan net position for the Insurance Fund as of June 30, 2017, includes the 401(h) asset balance.

DRAFT

Relationship to Combining Financial Statements (Continued)

The components associated with OPEB expense and deferred outflows and inflows of resources have been determined based on the net increase in fiduciary net position as shown in the Combining Statement of Changes in Plan Net Position and in accordance with requirements promulgated by GASB Statements No. 74 and 75. The net OPEB liability at June 30, 2017, is reported in the Notes to Combining Financial Statements and Required Supplementary Information.

Summary of Significant Accounting and Reporting Policies

Measurement Focus, Basis of Accounting and Basis of Presentation

The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, KRS adheres to the reporting requirements established by the Governmental Accounting Standards Board (GASB).

The KERS Non-hazardous, KERS Hazardous, CERS Non-hazardous, and CERS Hazardous Insurance Funds are reported as OPEB trust funds, and are accounted for on the accrual basis of accounting. OPEB contributions are determined by the KRS Board and required by the employers and employees. KRS recognized employer and employee contributions to the plans through June 30, 2017. OPEB expenses are recognized as the benefits come due for the KERS Non-hazardous, KERS Hazardous, CERS Non-hazardous and CERS Hazardous Insurance Funds, which includes payments made to the Department of Employee Insurance (DEI), and Humana Inc. for OPEB costs incurred for the fiscal year ended June 30, 2017. KRS contracts with DEI and Humana to administer the claims. DEI administers retiree claims for retirees under the age of 65, and Humana administers retiree claims for members 65 and over. Since, the average cost of providing health care benefits to retirees under age 65 is higher than the average cost of providing health care benefits to active employees, there is an implicit employer subsidy for the non-Medicare eligible retirees. GASB 74 requires that the liability associated with this implicit subsidy be included in the calculation of the Total OPEB Liability.

Net investment income represents realized and unrealized gains and losses based on the fair value of investments, interest, and dividends, net of investment expenses. Investment income/loss is allocated to each plan based on the plan's ownership in the respective investment account.

The systems are charged administrative expenses based on the number of members and dependents electing an insurance policy provided by DEI or Humana, on a monthly basis. The administrative expenses are reported in KRS' basic financial statements included in its CAFR for the Insurance Fund.

The Schedule of Employer Allocations reflects employer contributions received for the fiscal year ended June 30, 2017, and includes the following for each individual employer:

- employer contributing entity and reporting code;
- the amount of the employer contributing entity's contributions; and,
- the employer contributing entity's contributions as a percentage of total employer contributions, as defined by this policy.

DRAFT

Summary of Significant Accounting and Reporting Policies (Continued)

Measurement Focus, Basis of Accounting and Basis of Presentation (Continued)

The Employer Allocation Percentage has been rounded to six decimal places.

The components of the net OPEB liability of KERS and CERS for participating employers as of June 30, 2017, calculated in accordance with GASB Statement No. 74, are as follows (dollars in thousands):

	KERS Non-Hazardous	KERS Hazardous	CERS Non-Hazardous	CERS Hazardous
Total OPEB Liability	$ 3,353,332	$ 494,869	$ 4,222,878	$ 2,015,673
Fiduciary Net Position	817,370	488,838	2,212,536	1,189,001
Net OPEB Liability	$ 2,535,962	$ 6,031	$ 2,010,342	$ 826,672

Actuarial Methods and Assumptions to Determine the Total OPEB Liability and the Net OPEB Liability

For financial reporting the actuarial valuation as of June 30, 2017, was performed by Gabriel Roeder Smith (GRS). The total OPEB liability, net OPEB liability, and sensitivity information as of June 30, 2017, were based on an actuarial valuation date of June 30, 2016. The total OPEB liability was rolled-forward from the valuation date (June 30, 2016) to the plan's fiscal year ending June 30, 2017, using generally accepted actuarial principles. GRS did not perform the actuarial valuation as of June 30, 2016, but did replicate the prior actuary's valuations results on the same assumption, methods, and data, as of that date. The roll-forward is based on the results of GRS' replication. Subsequent to the actuarial valuation date (June 30, 2016), but prior to the measurement date, and before the required 2019 experience study, the KRS Board of Trustees reviewed investment trends, inflation, and payroll growth historical trends. Based on this review the Board adopted the following updated actuarial assumptions which were used in performing the actuarial valuation as of June 30, 2017:

Inflation	2.30%
Payroll Growth Rate	0.0% for KERS non-hazardous, and 2.0% for CERS non-hazardous and hazardous
Salary Increase	3.05%, average
Investment Rate of Return	6.25%
Healthcare Trend Rates	
Pre – 65	Initial trend starting at 7.25% at January 1, 2019, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years.
Post-65	Initial trend starting at 5.10% at January 1, 2019, and gradually decreasing to an ultimate trend rate of 4.05% over a period of 11 years.

DRAFT

Actuarial Methods and Assumptions to Determine the Total OPEB Liability and the Net OPEB Liability (Continued)

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set-back for one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement.

Discount Rate

The projection of cash flows used to determine the discount rate of 5.83% for KERS Non-hazardous, 5.87% for KERS Hazardous, 5.84% for CERS Non-hazardous, and 5.96% for CERS Hazardous assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 26 years (closed) amortization period of the unfunded actuarial accrued liability. The discount rate determination used an expected rate of return of 6.25%, and a municipal bond rate of 3.56%, as reported in Fidelity Index's "20 –Year Municipal GO AA Index" as of June 30, 2017. However, the cost associated with the implicit employer subsidy was not included in the calculation of the System's actuarial determined contributions, and any cost associated with the implicit subsidy will not be paid out of the System's trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy. The target asset allocation and best estimates of arithmetic nominal rates of return for each major asset class are summarized in the CAFR.

Use of Estimates in the Preparation of the Schedules

The preparation of the Schedules in conformity with U.S. generally accepted accounting principles requires management to make significant estimates and assumptions that affect the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

DRAFT

Reconciliation of Employer Contributions

The reconciliation between the employer contributions used for the Schedule of Employer Allocations and the Combining Statements of Changes in Plan Net Position as of June 30, 2017, are presented below (in thousands):

	KERS Non-hazardous	KERS Hazardous	CERS Non-hazardous	CERS Hazardous
Per Schedule A	$ 129,104	$ 4,553	$ 115,164	$ 51,326
Retired Reemployed	2,683	133	848	72
Transfers	-	-	17	(17)
Other Employer Cont.	(270)	994	1,240	2,466
Accruals	245	(992)	41	(3,104)
KRS	1,150	-	-	-
KTRS	112	-	-	-
Total	133,024	4,688	117,310	50,743
Employer Contributions on the Statement of Changes in Plan Net Position	133,024	4,688	117,310	50,743
	$ -	$ -	$ -	$ -

The items listed above are included in the contributions on the Combining Statements of Changes in Plan Net Position, but are not included in the Schedule A (GRS reports). The contributions per Schedule A (GRS reports) represents actual contributions made related to the measurement period.

Actuarial Methods and Assumptions used to determine the Actuarial Determined Contribution for the Fiscal Year 2017

The following actuarial methods and assumptions, for actuarially determined contributions effective for fiscal year ending June 30, 2017:

Valuation Date	June 30, 2015
Experience Study	July 1, 2008 – June 30, 2013
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percent of Pay
Remaining Amortization Period	28 Years, Closed
Payroll Growth Rate	4.00%
Asset Valuation Method	20% of the difference between the market value of assets and the expected actuarial value of assets is recognized
Inflation	3.25%
Salary Increase	4.00%, average
Investment Rate of Return	7.50%
Healthcare Trend Rates	Initial trend starting at 7.50% and gradually decreasing
Pre – 65	to an ultimate trend rate of 5.00% over a period of 5 years.
Post-65	Initial trend starting at 5.50% and gradually decreasing to an ultimate trend rate of 5.00% over a period of 2 years.

DRAFT

Actuarial Methods and Assumptions used to determine the Actuarial Determined Contribution for the Fiscal Year 2017 (Continued)

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set-back for one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement.

Deferred Inflows and Outflows of Resources

The Deferred Inflows and Outflows of Resources, and OPEB Expense included in the Schedule of OPEB Amounts by Employer include only certain categories of deferred outflows of resources and deferred inflows of resources. These include differences between expected and actual experience, changes of assumptions and differences between projected and actual earnings on plan investments. The Schedule of OPEB Amounts by Employer does not include deferred outflows/inflows of resources for changes in the employer's proportionate share of contributions or employer contributions made subsequent to the measurement date. The net OPEB liability as of June 30, 2017, is based on the June 30, 2016, actuarial valuation rolled forward. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five-year period.

DRAFT
