Important!

At Humana, it is important you are treated fairly.

Humana Inc. and its subsidiaries do not discriminate or exclude people because of their race, color, national origin, age, disability, sex, sexual orientation, gender identity, or religion. Discrimination is against the law. Humana and its subsidiaries comply with applicable Federal Civil Rights laws. If you believe that you have been discriminated against by Humana or its subsidiaries, there are ways to get help.

• You may file a complaint, also known as a grievance:
  Discrimination Grievances, P.O. Box 14618,
  Lexington, KY 40512-4618
  If you need help filing a grievance, call the number on your ID card or if you use a TTY, call 711.

• You can also file a civil rights complaint with the **U.S. Department of Health and Human Services**, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at [https://ocrportal.hhs.gov/ocr/portal/lobby.jsf](https://ocrportal.hhs.gov/ocr/portal/lobby.jsf), or by mail or phone at **U.S. Department of Health and Human Services**, 200 Independence Avenue, SW, Room 509F, HHH Building, Washington, DC 20201, **1-800-368-1019, 800-537-7697 (TDD)**.

**Auxiliary aids and services, free of charge, are available to you.**

**Call the number on your ID card (TTY: 711)**

Humana provides free auxiliary aids and services, such as qualified sign language interpreters, video remote interpretation, and written information in other formats to people with disabilities when such auxiliary aids and services are necessary to ensure an equal opportunity to participate.
Language assistance services, free of charge, are available to you. Call the number on your ID card (TTY: 711)

GRANDFATHER CLAUSE

This group health plan believes this Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act of 2010 (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator at:

Board of Trustees of the Kentucky Retirement Systems
1260 Louisville Road
Frankfort, KY 40601
Telephone: 1-502-696-8800

INTRODUCTION

THE SUMMARY PLAN DESCRIPTION – YOUR HEALTH CARE PLAN GUIDE

Welcome to your Kentucky Retirement Systems (KRS)-sponsored health care plan (Plan) administered by Humana Insurance Company (Humana). The Kentucky Retirement Systems (KRS) has provided you with this Summary Plan Description (SPD), which outlines your benefits, as well as your rights and responsibilities under this Plan.

This SPD is your guide to the benefits, provisions and programs offered by this Plan. Services are subject to all provisions of this Plan, including the limitations and exclusions. Please read this SPD carefully, paying special attention to the “Medical Schedule of Benefits,” “Medical Covered Expenses,” and “Limitations and Exclusions” sections to better understand how your benefits work. If you are unable to find the information you need, please contact Humana at the toll-free customer service telephone number listed on your Humana Identification (ID) card or visit our website at www.humana.com.

This SPD presents an overview of your benefits. In the event of any discrepancy between this SPD and applicable Kentucky law, applicable Kentucky law shall govern.

DEFINED TERMS

Italicized terms throughout this SPD are defined in the “Definitions” section. An italicized word may have a different meaning in the context of this SPD than it does in general usage. Referring to the “Definitions” section as you read through this document will help you have a clearer understanding of this SPD.

PRIVACY

Humana understands the importance of keeping your protected health information private. Protected health information includes both medical information and individually identifiable information, such as your name, address, telephone number or Social Security number. Humana is required by applicable federal law to maintain the privacy of your protected health information.

HEALTH RESOURCES

Health Resources is a comprehensive set of clinical programs and services available to help you better understand your health care benefits and how to use them, navigate the health care system when you need it, understand treatment options and choices, reduce your costs and enhance the quality of your life.

Each Health Resources program is tailored to meet different health care needs, from those who want to stay well when they are healthy, to those who are at risk for an illness, to those who are at chronic or acute stages of illness. Health Resources offer a wide range of assistance including online educational tools, interventions, health assessments and personal discussions with registered nurses.

All Health Resources programs are subject to change without notice. For additional information or questions regarding any of these programs, visit Humana’s website at www.humana.com or call the toll-free customer service telephone number listed on your Humana ID card.
SECTION 2

MEDICAL BENEFITS
UNDERSTANDING YOUR COVERAGE

COVERED AND NON-COVERED EXPENSES

Benefits are payable only if services are considered to be a covered expense and are subject to the specific conditions, limitations and applicable maximums of this Plan. The benefit payable for covered expenses will not exceed the maximum allowable fee(s).

A covered expense is deemed to be incurred on the date a covered service is received. The bill submitted by the provider, if any, will determine which benefit provision is applicable for payment of covered expenses.

If you incur non-covered expenses, you are responsible for making the full payment to the provider. The fact that a provider has performed or prescribed a medically appropriate procedure, treatment, or supply, or the fact that it may be the only available treatment for a bodily injury or sickness does not mean that the procedure, treatment or supply is covered under this Plan.

Please refer to the "Medical Schedule of Benefits", "Medical Covered Expenses" and the "Limitations and Exclusions" sections of this Summary Plan Description for more information about covered expenses and non-covered expenses.

PRIMARY CARE PHYSICIAN AND SPECIALIST

Primary Care Physician (PCP) is defined as a family practice physician, pediatrician, doctor of internal medicine, general practitioner, nurse practitioner, physician assistant and registered nurse. A specialist would be all other qualified practitioners.

TRANSITION OF CARE

Changing health care plans can be stressful, especially for those who are going through intense medical treatment, such as chemotherapy. Humana understands this and does not want to hinder progress or interfere with the doctor-patient relationship. The transition of care process helps you make a smooth transition to Humana from your current health care plan with the least amount of disruption to your care.

CONTINUITY OF CARE

If you are receiving treatment from a PAR provider and that provider's contract to provide medically necessary services terminates for reasons other than medical competence or professional behavior, you may be entitled to continue treatment with that terminating PAR provider if at the time of the PAR provider's termination you are: a) undergoing active treatment for a chronic or acute medical condition; or b) you are in the 2nd or 3rd trimester of your pregnancy. If this Plan agrees to the continued treatment, medically necessary services provided to you by the terminating PAR provider will continue to be payable at the PAR provider benefit level. The maximum duration of continued treatment under this provision may not exceed: a) 90 days from the date of termination of the provider's contract; or b) through the delivery of a child, including immediate post-partum care and the follow-up visit within the first six weeks of delivery, in the case of you being in the 2nd or 3rd trimester of pregnancy.
### IMPORTANT INFORMATION ABOUT PLAN BENEFITS

Plan benefits and limits (i.e. visit or dollar limits) are applicable per calendar year, unless specifically stated otherwise.

This schedule provides an overview of the Plan benefits. For a more detailed description of Plan benefits, refer to the “Medical Covered Expenses” section. Plan benefits for covered services are applicable after Medicare Parts A & B benefits have been applied less Medicare deductible. Plan pays for services that are Medicare covered.

MEDICAL COVERED EXPENSES

HOW BENEFITS PAY

This Plan may require you to satisfy deductible(s) before this Plan begins to share the cost of most medical services. If a deductible is required to be met before benefits are payable under this Plan, when it is satisfied, this Plan will share the cost of covered expenses at the coinsurance percentage until you have reached any applicable out-of-pocket limit. After you have met the out-of-pocket limit, if any, this Plan will pay covered expenses at 100% for the rest of the calendar year, subject to the maximum allowable fee(s), any maximum benefits and all other terms, provisions, limitations and exclusions of this Plan. Any applicable deductible, coinsurance and out-of-pocket amounts, medical services and medical service limits are stated on the Medical Schedule of Benefits.

DEDUCTIBLE

A deductible is a specified dollar amount that must be satisfied per covered person per calendar year before this Plan pays benefits for certain specified services. Only charges which qualify as a covered expense may be used to satisfy the deductible. The single deductible applies to each covered person each calendar year.

COINSURANCE

Coinsurance means the shared financial responsibility for covered expenses between the covered person and this Plan.

Covered expenses are payable at the applicable coinsurance percentage rate shown on the Medical Schedule of Benefits after the deductible, if any, is satisfied each calendar year, subject to any calendar year maximums.

OUT-OF-POCKET LIMIT

An out-of-pocket limit is a specified dollar amount that must be satisfied, per covered person per calendar year before a benefit percentage will be increased. The out-of-pocket limits are stated on the Medical Schedule of Benefits.

ROUTINE/PREVENTIVE SERVICES

Covered expenses are payable as shown on the Medical Schedule of Benefits and include the preventive services appropriate for you as recommended by the U.S. Department of Health and Human Services (HHS) for your plan year Preventive services include:

- Services with an A or B rating in the current recommendations of the U. S. Preventive Services Task Force (USPSTF).
- Immunizations recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC).
- Preventive care for infants, children and adolescents provided in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).
- Preventive care for women provided in the comprehensive guidelines supported by HRSA.
For the recommended preventive services that apply to your plan year, refer to the www.Healthcare.gov website or call the toll-free customer service telephone number listed on your Humana ID card.

The exclusion for services which are not medically necessary does not apply to routine/preventive care services.

No benefits are payable under this routine/preventive care benefit for a medical examination for a bodily injury or sickness, a medical examination caused by or resulting from pregnancy, or a dental examination.

QUALIFIED PRACTITIONER SERVICES

Qualified practitioner services are payable as shown on the Medical Schedule of Benefits.

Second Surgical Opinion

If you obtain a second surgical opinion, the qualified practitioners providing the surgical opinions MUST NOT be in the same group practice or clinic. If the two opinions disagree, you may obtain a third opinion. Benefits for the third opinion are payable the same as for the second opinion. The qualified practitioner providing the second or third surgical opinion may confirm the need for surgery or present other treatment options. The decision whether or not to have the surgery is always yours.

Multiple Surgical Procedures

If multiple or bilateral surgical procedures are performed during the same day, the surgeries will be paid according to the provider contract for a participating provider. When a non-participating provider is utilized, the surgery with the highest maximum allowable fee monetary amount will be allowed at 100% of the maximum allowable fee. For each additional surgery for a non-participating provider the amount allowed will be: a) 50% of the maximum allowable fee for the surgery with the second highest maximum allowable fee monetary amount; and b) 25% of the maximum allowable fee for all the other surgeries.

Assistant Surgeon

Services for an assistant surgeon. The assistant surgeon will be paid according to the provider contract if they are a network provider. This Plan will allow the assistant surgeon 16% of the maximum allowable fee for the surgery that would apply if the assistant surgeon were the primary surgeon.

Physician Assistant

Services for a physician assistant (P.A.) The P.A. will be paid according to the provider contract if they are a network provider. This Plan will allow the P.A. 10% of the maximum allowable fee for the surgery that would apply if the P.A. were the primary surgeon.
DENTAL/ORAL SURGERIES COVERED UNDER THE MEDICAL PLAN

Oral surgical operations due to a bodily injury or sickness are payable as shown on the Medical Schedule of Benefits and include the following procedures:

- Excision of partially or completely unerupted impacted teeth;
- Excision of tumors and cysts of the jaws, cheeks, lips, tongue, roof/floor of the mouth in conjunction with a pathological examination;
- Surgical procedures required to correct accidental injuries of the jaws, cheeks, lips, tongue, roof and floor of the mouth;
- Reduction of fractures and dislocations of the jaw;
- External incision and drainage of cellulitis;
- Incision of accessory sinuses, salivary glands or ducts;
- Frenectomy (the cutting of the tissue in the midline of the tongue);
- Dental osteotomies.

REVERSAL OF STERILIZATION AND ABORTIONS

Family planning services are payable as shown on the Medical Schedule of Benefits.

The exclusion for services which are not medically necessary does not apply to family planning services, except life-threatening abortions.

MATERNITY

Maternity services, including normal maternity, c-section and complications, are payable as shown on the Medical Schedule of Benefits.

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following an uncomplicated vaginal delivery and 96 hours following an uncomplicated cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). An attending provider is defined as an individual who is licensed under applicable state law to provide maternal or pediatric care and who is directly responsible for providing such care to a mother or newborn child. The definition of attending provider does not include a plan, hospital, managed care organization or other issuer. In any case, plans may not, under Federal law, require that a provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).
Newborns

Covered expenses incurred during a newborn child's initial inpatient hospital confinement include hospital expenses for nursery room and board and miscellaneous services, qualified practitioner's expenses for circumcision and qualified practitioner's expenses for routine examination before release from the hospital. Covered expenses also include services for the treatment of a bodily injury or sickness, care or treatment for premature birth and medically diagnosed birth defects and abnormalities.

Please refer to the “Eligibility and Effective Date of Coverage” section regarding newborn eligibility and enrollment.

Birthing Centers

A birthing center is a free standing facility, licensed by the state, which provides prenatal care, delivery, immediate postpartum care and care of the newborn child. Services are payable when incurred within 48 hours after confinement in a birthing center for services and supplies furnished for prenatal care and delivery.

INPATIENT HOSPITAL

Inpatient hospital services are payable as shown on the Medical Schedule of Benefits, and include charges made by a hospital for daily semi-private, ward, intensive care or coronary care room and board charges for each day of confinement and services furnished for your treatment during confinement. Benefits for a private or single-bed room are limited to the maximum allowable fee charged for a semi-private room in the hospital while confined.

SKILLED NURSING FACILITY

Expenses incurred for daily room and board and general nursing services for each day of confinement in a skilled nursing facility are payable as shown on the Medical Schedule of Benefits. The daily rate will not exceed the maximum daily rate established for licensed skilled nursing care facilities by the Department of Health and Social Services.

Covered expenses for a skilled nursing facility confinement are payable when the confinement:

- Occurs while you or an eligible dependent are covered under this Plan;
- Begins after discharge from a hospital confinement or a prior covered skilled nursing facility confinement;
- Is necessary for care or treatment of the same bodily injury or sickness which caused the prior confinement; and
- Occurs while you or an eligible dependent are under the regular care of a physician.
Skilled nursing facility means only an institution licensed as a skilled nursing facility and lawfully operated in the jurisdiction where located. It must maintain and provide:

- Permanent and full-time bed care facilities for resident patients;
- A physician's services available at all times;
- 24-hour-a-day skilled nursing services under the full-time supervision of a physician or registered nurse (R.N.);
- A daily record for each patient;
- Continuous skilled nursing care for sick or injured persons during their convalescence from sickness or bodily injury; and
- A utilization review plan.

A skilled nursing facility is not except by incident, a rest home, a home for care of the aged, or engaged in the care and treatment of mental health or substance abuse.

OUTPATIENT AND AMBULATORY SURGICAL CENTER

Outpatient facility and ambulatory surgical center services are payable as shown on the Medical Schedule of Benefits.

EMERGENCY AND URGENT CARE SERVICES

Emergency and urgent care services are payable as shown on the Medical Schedule of Benefits.

HOSPICE SERVICES

Hospice services are payable as provided by Medicare as otherwise shown on the Medical Schedule of Benefits. All Hospice services must be furnished in a hospice facility or in your home, and a qualified practitioner must certify you are terminally ill with a life expectancy of 18 months or less.

For hospice services only, your immediate family is considered to be your parent, spouse, children or step-children.

Covered expenses are payable for the following hospice services:

- Room and board and other services and supplies;
- Part-time nursing care by, or supervised by, a registered nurse for up to 8 hours in any one day;
- Counseling services by a qualified practitioner for the hospice patient and the immediate family;
• Medical social services provided to you or your immediate family under the direction of a qualified practitioner, which include the following:
  o Assessment of social, emotional and medical needs, and the home and family situation; and
  o Identification of the community resources available;
• Psychological and dietary counseling;
• Physical therapy;
• Part-time home health aide service for up to 8 hours in any one day;
• Medical supplies, drugs and medicines prescribed by a qualified practitioner for palliative care.

Hospice care benefits do NOT include:
• A confinement not required for pain control or other acute chronic symptom management;
• Bereavement counseling services for family members that are not covered under this Plan.
• Funeral arrangements;
• Financial or legal counseling, including estate planning or drafting of a will;
• Homemaker or caretaker services, including a sitter or companion services;
• Housecleaning and household maintenance;
• Services of a social worker other than a licensed clinical social worker;
• Services by volunteers or persons who do not regularly charge for their services; or
• Services by a licensed pastoral counselor to a member of his or her congregation when services are in the course of the duties to which he or she is called as a pastor or minister.

Hospice care program means a written plan of hospice care, established and reviewed by the qualified practitioner attending the patient and the hospice care agency, for providing palliative care and supportive care to hospice patients. It offers supportive care to the families of hospice patients, an assessment of the hospice patient's medical and social needs, and a description of the care to meet those needs.

Hospice facility means a licensed facility or part of a facility which principally provides hospice care, keeps medical records of each patient, has an ongoing quality assurance program and has a physician on call at all times. A hospice facility provides 24-hour-a-day nursing services under the direction of a R.N. and has a full-time administrator.
Hospice care agency means an agency which has the primary purpose of providing hospice services to hospice patients. It must be licensed and operated according to the laws of the state in which it is located and meets all of these requirements: (1) has obtained any required certificate of need; (2) provides 24-hours a day, 7 day-a-week service supervised by a qualified practitioner; (3) has a full-time coordinator; (4) keeps written records of services provided to each patient; (5) has a nurse coordinator who is a R.N., who has four years of full-time clinical experience, of which at least two involved caring for terminally ill patients; and, (6) has a licensed social service coordinator.

A hospice care agency will establish policies for the provision of hospice care, assess the patient's medical and social needs and develop a program to meet those needs. It will provide an ongoing quality assurance program, permit area medical personnel to use its services for their patients, and use volunteers trained in care of, and services for, non-medical needs.

**HOME HEALTH CARE**

*Expenses incurred* for home health care are payable as shown on the Medical Schedule of Benefits. The maximum weekly benefit for such coverage may not exceed the maximum allowable weekly cost for care in a skilled nursing facility.

Each visit by a home health care provider for evaluating the need for, developing a plan, or providing services under a home health care plan will be considered one home health care visit. Up to 4 consecutive hours of service in a 24-hour period is considered one home health care visit. A visit by a home health care provider of 4 hours or more is considered one visit for every 4 hours or part thereof.

Home health care provider means an agency licensed by the proper authority as a home health agency or Medicare approved as a home health agency.

Home health care will not be reimbursed unless this Plan determines:

- Hospitalization or confinement in a skilled nursing facility would otherwise be required if home care were not provided;

- Necessary care and treatment are not available from a family member or other persons residing with you; and

- The home health care services will be provided or coordinated by a state-licensed or Medicare-certified home health agency or certified rehabilitation agency.

The home health care plan must be reviewed and approved by the qualified practitioner under whose care you are currently receiving treatment for the bodily injury or sickness which requires the home health care.

The home health care plan consists of:

- Care provided by nurse;

- Physical, speech, occupational and respiratory therapy; and

- Medical social work and nutrition services; and

- Medical appliances, equipment and laboratory services.
Home health care benefits do not include:

- Charges for mileage or travel time to and from the covered person’s home;
- Wage or shift differentials for home health care providers;
- Charges for supervision of home health care providers.

**DURABLE MEDICAL EQUIPMENT (DME)**

*Durable medical equipment* (DME) is payable as shown on the Medical Schedule of Benefits and includes DME provided within a covered person’s home. Rental is allowed up to, but not to exceed, the total purchase price of the durable medical equipment (DME). This Plan, at its option, may authorize the purchase of DME in lieu of its rental, if the rental price is projected to exceed the purchase price. Oxygen and rental of equipment for its administration and insulin infusion pumps in the treatment of diabetes are considered DME

- The manufacturer’s warranty is expired; and
- Repair or maintenance is not a result of misuse or abuse; and
- Maintenance is not more frequent than every 6 months; and
- The repair cost is less than the replacement cost.

Replacement of purchased DME is a covered expense if:

- The manufacturer’s warranty is expired; and
- The replacement cost is less than the repair cost; and
- The replacement is not due to lost or stolen equipment or misuse or abuse of the equipment; or
- Replacement is required due to a change in condition that makes the current equipment non-functional.

Duplicate DME is not covered.

**Prosthetics**

Initial prosthetic devices or supplies, including but not limited to, limbs and eyes are payable as shown on the Medical Schedule of Benefits. Coverage will be provided for prosthetic devices necessary to restore minimal basic function. Replacement is a covered expense if due to pathological changes or growth. Repair of the basic prosthetic device, including replacing a part or putting together what is broken, is a covered expense.
SPECIALTY DRUG MEDICAL BENEFIT

Specialty drugs are payable as shown on the Medical Schedule of Benefits. For more information regarding the specific specialty drugs covered under this Plan, please call the toll-free customer service telephone number listed on your Humana ID card or visit Humana’s website at www.humana.com.

AMBULANCE

Local professional ground or air ambulance service to the nearest hospital equipped to provide the necessary treatment is covered as shown on the Medical Schedule of Benefits. Ambulance service must not be provided primarily for the convenience of the patient or the qualified practitioner.

Ambulance services for emergency care provided by a Non PAR provider will be covered at the PAR provider benefit, as specified in the Ambulance benefit on the "Schedule of Benefits", subject to the maximum allowable fee. Non-network providers have not agreed to accept discounted or negotiated fees, and may bill you for charges in excess of the maximum allowable fee. You may be required to pay any amount not paid by this Plan.

DENTAL INJURY

Dental injury services are payable as shown on the Medical Schedule of Benefits and include charges for services for the treatment of a dental injury to a sound natural tooth, including but not limited to initial extraction and initial replacement.

Services for teeth injured as a result of chewing are not covered. Biting or chewing injuries as a result of an act of domestic violence or a medical condition (including both physical and mental health conditions) are a covered expense.

Services must begin within 90 days after the date of the dental injury. Services must be completed within 12 months after the date of the dental injury.

Benefits will be paid only for expenses incurred for the least expensive service that will produce a professionally adequate result as determined by this Plan.

THERAPY SERVICES

Therapy services are payable as shown on the Medical Schedule of Benefits.

Chiropractic Care

Chiropractic care for the treatment of a bodily injury or sickness is payable as shown on the Medical Schedule of Benefits.

TRANSPLANT SERVICES

This Plan will pay benefits for the expense of a transplant as defined below for a covered person when approved in advance by Humana, subject to those terms, conditions and limitations described below and contained in this Plan. Please call the toll-free customer service telephone number listed on your Humana ID card when in need of these services.
Covered Organ Transplant

Only the services, care and treatment received for, or in connection with, the pre-approved transplant of the organs identified hereafter, which are determined by Humana to be medically necessary services and which are not experimental, investigational or for research purposes will be covered by this Plan. The transplant includes: pre-transplant services, transplant inclusive of any integral chemotherapy and associated services, post-discharge services and treatment of complications after transplantation for or in connection with only the following procedures:

- Heart;
- Lung(s);
- Liver;
- Kidney;
- Bone Marrow;
- Intestine;
- Pancreas;
- Auto islet cell;
- Any combination of the above listed organs;
- Any organ not listed above required by federal law.

Corneal transplants and porcine heart valve implants, which are tissues rather than organs, are considered part of regular plan benefits and are subject to other applicable provisions of this Plan.

For a transplant to be considered fully approved, prior written approval from Humana is required in advance of the transplant. You or your qualified practitioner must notify Humana in advance of your need for an initial transplant evaluation in order for Humana to determine if the transplant will be covered. For approval of the transplant itself, Humana must be given a reasonable opportunity to review the clinical results of the evaluation before rendering a determination.

Once the transplant is approved, Humana will advise the covered person's qualified practitioner. Benefits are payable only if the pre-transplant services, the transplant and post-discharge services are approved by Humana.

Exclusions

No benefit is payable for, or in connection with, a transplant if:

- It is experimental, investigational or for research purposes as defined in the “Definitions” section;
- Humana is not contacted for authorization prior to referral for evaluation of the transplant;
• Humana does not approve coverage for the transplant, based on its established criteria;

• Expenses are eligible to be paid under any private or public research fund, government program, except Medicaid, or another funding program, whether or not such funding was applied for or received;

• The expense relates to the transplantation of any non-human organ or tissue, unless otherwise stated in this Plan;

• The expense relates to the donation or acquisition of an organ for a recipient who is not covered by this Plan;

• A denied transplant is performed; this includes the pre-transplant evaluation, pre-transplant services, the transplant procedure, post-discharge services, immunosuppressive drugs and complications of such transplant;

• The covered person for whom a transplant is requested has not met pre-transplant criteria as established by Humana.

**Covered Services**

For approved transplants, and all related complications, this Plan will cover only the following expenses:

• *Hospital* and qualified practitioner services, payable as shown on the Medical Schedule of Benefits. If services are rendered at a Humana National Transplant Network (NTN) facility, covered expenses are paid in accordance to the NTN contracted rates;

• Organ acquisition and donor costs. Except for bone marrow transplants, donor costs are not payable under this Plan if they are payable in whole or in part by any other group plan, insurance company, organization or person other than the donor’s family or estate. Coverage for bone marrow transplants procedures will include costs associated with the donor-patient to the same extent and limitations associated with the covered person;

**BEHAVIORAL HEALTH SERVICES**

*Expense incurred by you* during a plan of treatment for behavioral health is payable as shown on the Medical Schedule of Benefits for:

• Charges made by a qualified practitioner;

• Charges made by a hospital;

• Charges made by a qualified treatment facility;

• Charges for x-ray and laboratory expenses.
MEDICAL COVERED EXPENSES (continued)

Inpatient Services

Covered expenses while confined as a registered bed patient in a hospital or qualified treatment facility are payable as shown on the Medical Schedule of Benefits.

Outpatient Services

Covered expenses for outpatient treatment received while not confined in a hospital or qualified treatment facility are payable as shown on the Medical Schedule of Benefits.

Limitations

No benefits are payable under this provision for marriage counseling, treatment of nicotine habit or addiction, or for treatment of being obese or overweight.

Treatment must be provided for the cause for which benefits are payable under this provision of the Plan.

OTHER COVERED EXPENSES

The following are other covered expenses payable as shown on the Medical Schedule of Benefits:

- Blood and blood plasma are payable as long as it is NOT replaced by donation, and administration of blood and blood products including blood extracts or derivatives;

- Casts, trusses, crutches, orthotics, splints and braces. Orthotics must be custom made or custom fitted, made of rigid or semi-rigid material. Oral or dental splints and appliances must be custom made and for the treatment of documented obstructive sleep apnea. Unless specifically stated otherwise, fabric supports, replacement orthotics and braces, oral splints and appliances, dental splints and appliances, and dental braces are not a covered expense;

- Reconstructive surgery due to bodily injury, infection or other disease of the involved part or congenital disease or anomaly of a covered dependent child which resulted in a functional impairment;

- Reconstructive services following a covered mastectomy, including but not limited to:
  o Reconstruction of the breast on which the mastectomy was performed;
  o Surgery and reconstruction of the other breast to achieve symmetrical appearance;
  o Prosthesis; and
  o Treatment of physical complications of all stages of the mastectomy, including lymphedemas;

- Acupuncture;

- Residential treatment facilities;

- Halfway-house services.

NOTE: These limitations and exclusions apply even if a qualified practitioner has performed or prescribed a medically necessary procedure, treatment or supply. This does not prevent your qualified practitioner from providing or performing the procedure, treatment or supply, however, the procedure, treatment or supply will not be a covered expense.
COORDINATION OF BENEFITS

BENEFITS SUBJECT TO THIS PROVISION

Benefits described in this Plan are coordinated with benefits provided by other plans under which you are also covered. This is to prevent duplication of coverage and a resulting increase in the cost of medical coverage.

For this purpose, a plan is one which covers medical or dental expenses and provides benefits or services by group, franchise or blanket insurance coverage. This includes group-type contracts not available to the general public, obtained and maintained only because of the covered person’s membership in, or connection with, a particular organization or group, whether or not designated as franchise, blanket, or in some other fashion. Plan also includes any coverage provided through the following:

- Employer, trustee, union, employee benefit, or other association; or
- Governmental programs, programs mandated by state statute, or sponsored or provided by an educational institution.

This Coordination of Benefits provision does not apply to any individual policies or Blanket Student Accident Insurance provided by, or through, an educational institution. Allowable expense means any eligible expense, a portion of which is covered under one of the plans covering the person for whom claim is made. Each plan will determine what is an allowable expense according to the provisions of the respective plan. When a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an allowable expense and a benefit paid.

EFFECT ON BENEFITS

One of the plans involved will pay benefits first. This is called the primary plan. All other plans are called secondary plans.

ORDER OF BENEFIT DETERMINATION

In order to pay claims, it must be determined which plan is primary and which plan(s) are secondary. A plan will pay benefits first if it meets one of the following conditions:

- The plan has no coordination of benefits provision;
- The plan covers the person as an employee;
- For a child who is covered under both parents' plans, the plan covering the parent whose birthday (month and day) occurs first in the calendar year pays before the plan covering the other parent. If the birthdates of both parents are the same, the plan which has covered the person for the longer period of time will be determined the primary plan;

If a plan other than this Plan does not include bullet 3, then the gender rule will be followed to determine which plan is primary.
• In the case of dependent children covered under the plans of divorced or separated parents, the following rules apply:
  o The plan of a parent who has custody will pay the benefits first;
  o The plan of a step-parent who has custody will pay benefits next;
  o The plan of a parent who does not have custody will pay benefits next;
  o The plan of a step-parent who does not have custody will pay benefits next.

There may be a court decree which gives one parent financial responsibility for the medical or dental expenses of the dependent children. If there is a court decree, the rules stated above will not apply if they conflict with the court decree. Instead, the plan of the parent with financial responsibility will pay benefits first.

• If a person is laid off or is retired or is a dependent of such person, that plan covers after the plan covering such person as an active employee or dependent of such employee. If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule will be ignored.

If the above rules do not apply or cannot be determined, then the plan that covered the person for the longest period of time will pay first.

GENERAL COORDINATION OF BENEFITS WITH MEDICARE

When permitted by law, this plan is the secondary plan. If you are covered under both Medicare and this Plan, federal law mandates that Medicare is the secondary plan in most situations. In all cases, coordination of benefits with Medicare will conform to federal statutes and regulations and benefits under this Plan will be coordinated to the extent benefits are payable under Medicare, as allowed by federal statutes and regulations. The benefits of this Plan may be reduced by the full amount of Medicare benefits the Participant is entitled to receive, whether or not actually enrolled in Medicare.

RIGHT OF RECOVERY

This Plan reserves the right to recover benefit payments made for an allowable expense under this Plan in the amount which exceeds the maximum amount this Plan is required to pay under these provisions. This right of recovery applies to this Plan against:

• Any person(s) to, for or with respect to whom, such payments were made; or
• Any other insurance companies, or organizations which according to these provisions, owe benefits due for the same allowable expense under any other plan.

This Plan alone will determine against whom this right of recovery will be exercised.
SUBMITTING A CLAIM

This section describes what a covered person (or his or her authorized representative) must do to file a claim for Plan benefits.

- A claim must be filed with Humana in writing and delivered to Humana by mail, postage prepaid. However, a submission to obtain preauthorization may also be filed with Humana by telephone;

- Claims must be submitted to Humana at the address indicated in the documents describing this Plan or claimant's Humana ID card. Claims will not be deemed submitted for purposes of these procedures unless and until received at the correct address;

- Also, claims submissions must be in a format acceptable to Humana and compliant with any applicable legal requirements. Claims that are not submitted in accordance with the requirements of applicable federal law respecting privacy of protected health information and/or electronic claims standards will not be accepted by this Plan;

- Claims submissions must be timely. Claims must be filed as soon as reasonably possible after they are incurred, and in no event later than 15 months after the claim was incurred for Non-PAR provider claims, except if you were legally incapacitated. Claims should be submitted by a PAR provider in accordance with the timely filing period outlined in that provider's contract with Humana (typically 180 days for physicians and 90 days for facilities and ancillary providers, however, a provider's contractual timely filing period may vary). Plan benefits are only available for claims that are incurred by a covered person during the period that he or she is covered under this Plan;

- Claims submissions must be complete. They must contain, at a minimum:
  o The name of the covered person who incurred the covered expense;
  o The name and address of the health care provider;
  o The diagnosis of the condition;
  o The procedure or nature of the treatment;
  o The date of and place where the procedure or treatment has been or will be provided;
  o The amount billed and the amount of the covered expense not paid through coverage other than Plan coverage, as appropriate;
  o Evidence that substantiates the nature, amount, and timeliness of each covered expense in a format that is acceptable according to industry standards and in compliance with applicable law.

Presentation of a prescription to a pharmacy does not constitute a claim. If a covered person is required to pay the cost of a covered prescription drug, however, he or she may submit a claim based on that amount to Humana.

A general request for an interpretation of Plan provisions will not be considered to be a claim. Requests of this type, such as a request for an interpretation of the eligibility provisions of this Plan, should be directed to the Plan Administrator.

Mail medical claims and correspondence to:

Humana Claims Office
P.O. Box 14601
Lexington, KY 40512-4601

MISCELLANEOUS MEDICAL CHARGES

If you accumulate bills for medical items you purchase or rent yourself, send them to Humana at least once every three months during the year (quarterly). The receipts must include the patient name, name of the item, date item was purchased or rented and name of the provider of service.

CLAIMS PROCESSING EDITS

Payment of covered expenses for services rendered by a qualified practitioner is subject to this Plan’s claims processing edits, as determined by this Plan. The amount determined to be payable after this Plan applies claims processing edits depends on the existence and interaction of several factors. Because the mix of these factors may be different for every claim, the amount paid for a covered expense may vary depending on the circumstances. Accordingly, it is not feasible to provide an exhaustive description of the claims processing edits that will be used to determine the amount payable for a covered expense, but examples of the most commonly used factors are:

- The intensity and complexity of a service;

- Whether a service is one of multiple services performed at the same service session such that the cost of the service to the qualified practitioner is less than if the service had been provided in a separate service session. For example:
  - Two or more surgeries during the same service session; or
  - Two or more radiologic imaging views performed during the same session;

- Whether an assistant surgeon, physician assistant, registered nurse, certified operating room technician or any other qualified practitioner, who is billing independently is involved;

- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;

- If the service is reasonably expected to be provided for the diagnosis reported;

- Whether a service was performed specifically for you; or

- Whether services can be billed as a complete set of services under one billing code.

This Plan develops claims processing edits in this Plan’s sole discretion based on review of one or more of the following sources, including but not limited to:

- Medicare laws, regulations, manuals and other related guidance;
- Appropriate billing practices;
- National Uniform Billing Committee (NUBC);
- American Medical Association (AMA)/Current Procedural Terminology (CPT);
- Centers for Medicare and Medicaid Services (CMS)/Healthcare Common Procedure Coding System (HCPCS);
- UB-04 Data Specifications Manual, and any successor manuals;
- International Classification of Diseases of the U.S. Department of Health and Human Services and the Diagnostic and Statistical Manual of Mental Disorders;
- Medical and surgical specialty societies and associations;
- This Plan’s medical and pharmacy coverage policies; or
• Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed medical or dental literature.

Changes to any one of the sources may or may not lead this Plan to modify current or adopt new claims processing edits.

Subject to applicable law, qualified practitioners who are non-participating providers may bill you for any amount this Plan does not pay even if such amount exceeds the allowed amount after these claims processing edits. Any such amount paid by you will not apply to your deductible, out-of-pocket limit or PAR provider Plan maximum out-of-pocket limit, if applicable. You will also be responsible for any applicable deductible, copayment, or coinsurance.

Your qualified practitioner may access this Plan’s claims processing edits and medical and pharmacy coverage policies at the "For Providers" link at www.humana.com. You or your qualified practitioner may also call the toll-free customer service number listed on your ID card to obtain a copy of a policy. You should discuss these policies and their availability with any qualified practitioners, who are non-participating providers, prior to receiving any services.

PROCEDURAL DEFECTS

If a pre-service claim submission is not made in accordance with this Plan’s procedural requirements, Humana will notify the claimant of the procedural deficiency and how it may be cured no later than within five (5) days (or within 24 hours, in the case of an urgent care claim) following the failure. A post-service claim that is not submitted in accordance with these claims procedures will be returned to the submitter.

ASSIGNMENTS AND REPRESENTATIVES

A covered person may assign his or her right to receive Plan benefits to a health care provider only with the consent of Humana, in its sole discretion, except as may be required by applicable law. Assignments must be in writing. If a document is not sufficient to constitute an assignment, as determined by Humana, then this Plan will not consider an assignment to have been made. An assignment is not binding on this Plan until Humana receives and acknowledges in writing the original or copy of the assignment before payment of the benefit.

If benefits are assigned in accordance with the foregoing paragraph and a health care provider submits claims on behalf of a covered person, benefits will be paid to that health care provider.

In addition, a covered person may designate an authorized representative to act on his or her behalf in pursuing a benefit claim or appeal. The designation must be made by the covered person on Humana’s Appointment of Representative (AOR) Form or on a form approved in advance by Humana. An assignment of benefits does not constitute designation of an authorized representative.

• Humana’s AOR Form must be submitted to Humana at the time or prior to the date an authorized representative commences a course of action on behalf of a claimant. At the same time, the authorized representative should also provide notice of commencement of the action on behalf of the claimant to the claimant, which Humana may verify with the claimant prior to recognizing the authorized representative status.

• In any event, a health care provider with knowledge of a claimant’s medical condition acting in connection with an urgent care claim will be recognized by this Plan as the claimant’s authorized representative.
This page is intentionally left blank.
Covered persons should carefully consider whether to designate an authorized representative. An authorized representative may make decisions independent of the covered person, such as whether and how to appeal a claim denial.

CLAIMS DECISIONS

After submission of a claim by a claimant, Humana will notify the claimant within a reasonable time, as follows:

Pre-Service Claims

Humana will notify the claimant of a favorable or adverse benefit determination within a reasonable time appropriate to the medical circumstances, but no later than 15 days after receipt of the claim by this Plan.

However, this period may be extended by an additional 15 days, if Humana determines that the extension is necessary due to matters beyond the control of this Plan. Humana will notify the affected claimant of the extension before the end of the initial 15-day period, the circumstances requiring the extension, and the date by which this Plan expects to make a decision.

If the reason for the extension is because of the claimant’s failure to submit information necessary to decide the claim, the notice of extension will describe the required information. The claimant will have at least 45 days from the date the notice is received to provide the specified information.

Urgent Care Claims

Humana will determine whether a claim is an urgent care claim. This determination will be made on the basis of information furnished by or on behalf of a claimant. In making this determination, Humana will exercise its judgment, with deference to the judgment of a physician with knowledge of the claimant’s condition. Accordingly, Humana may require a claimant to clarify the medical urgency and circumstances that support the urgent care claim for expedited decision-making.

Humana will notify the claimant of a favorable or adverse benefit determination as soon as possible, taking into account the medical urgency particular to the claimant’s situation, but not later than 72 hours after receipt of the urgent care claim by this Plan.

However, if a claim is submitted that does not provide sufficient information to determine whether, or to what extent, expenses are covered or payable under this Plan, notice will be provided by Humana as soon as possible, but not more than 24 hours after receipt of the urgent care claim by this Plan. The notice will describe the specific information necessary to complete the claim.

- The claimant will have a reasonable amount of time, taking into account his or her circumstances, to provide the necessary information but not less than 48 hours.

- Humana will notify the claimant of this Plan’s urgent care claim determination as soon as possible, but in no event more than 48 hours after the earlier of:
  - This Plan’s receipt of the specified information; or
  - The end of the period afforded the claimant to provide the specified additional information.
Concurrent Care Decisions

Humana will notify a claimant of a concurrent care decision that involves a reduction in or termination of benefits that have been pre-authorized. Humana will provide the notice sufficiently in advance of the reduction or termination to allow the claimant to appeal and obtain a determination on review of the adverse benefit determination before the benefit is reduced or terminated.

A request by a claimant to extend a course of treatment beyond the period of time or number of treatments that is a claim involving urgent care will be decided by Humana as soon as possible, taking into account the medical urgency. Humana will notify a claimant of the benefit determination, whether adverse or not within 24 hours after receipt of the claim by this Plan, provided that the claim is submitted to this Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

Post-Service Claims

Humana will notify the claimant of a favorable or adverse benefit determination within a reasonable time, but not later than 30 days after receipt of the claim by this Plan.

However, this period may be extended by an additional 15 days if Humana determines that the extension is necessary due to matters beyond the control of this Plan. Humana will notify the affected claimant of the extension before the end of the initial 30-day period, the circumstances requiring the extension, and the date by which this Plan expects to make a decision.

If the reason for the extension is because of the claimant’s failure to submit information necessary to decide the claim, the notice of extension will describe the required information. The claimant will have at least 45 days from the date the notice is received to provide the specified information. Humana will make a decision no later than 15 days after the earlier of the date on which the information provided by the claimant is received by this Plan or the expiration of the time allowed for submission of the additional information.

TIMES FOR DECISIONS

The periods of time for claims decisions presented above begin when a claim is received by this Plan, in accordance with these claims procedures.

PAYMENT OF CLAIMS

Many health care providers will request an assignment of benefits as a matter of convenience to both provider and patient. Also as a matter of convenience, Humana will, in its sole discretion, assume that an assignment of benefits has been made to certain participating providers. In those instances, Humana will make direct payment to the hospital, clinic or physician’s office, unless Humana is advised in writing that you have already paid the bill. If you have paid the bill, please indicate on the original statement, "paid by covered member," and send it directly to Humana. You will receive a written explanation of an adverse benefit determination. Humana reserves the right to request any information required to determine benefits or process a claim. You or the provider of services will be contacted if additional information is needed to process your claim.

When an covered member’s child is subject to a medical child support order, Humana will make reimbursement of eligible expenses paid by you, the child, the child’s non-employee custodial parent, or legal guardian, to that child or the child’s custodial parent, or legal guardian, or as provided in the medical child support order.
Payment of benefits under this Plan will be made in accordance with an assignment of rights for you and your dependents as required under state Medicaid law.

Benefits payable on behalf of you or your covered dependent after death will be paid, at this Plan's option, to any family member(s) or your estate.

Humana will rely upon an affidavit to determine benefit payment, unless it receives written notice of valid claim before payment is made. The affidavit will release this Plan from further liability.

Any payment made by Humana in good faith will fully discharge it to the extent of such payment.

Payments due under this Plan will be paid upon receipt of written proof of loss.

NOTICES – GENERAL INFORMATION

A notice of an adverse benefit determination or final internal adverse benefit determination will include information that sufficiently identifies the claim involved, including:

- The date of service;
- The health care provider;
- The claim amount, if applicable;
- The reason(s) for the adverse benefit determination or final internal adverse benefit determination to include the denial code (e.g. CARC) and its corresponding meaning as well as a description of this Plan’s standard (if any) that was used in denying the claim. For a final internal adverse benefit determination, this description must include a discussion of the decision;
- A description of available internal appeals and external review processes, including information on how to initiate an appeal; and
- Disclosure of the availability of, and contact information for, any applicable office of health insurance consumer assistance or ombudsman to assist individuals with internal claims and appeals, and external review processes.

The claimant may request the diagnosis code(s) (e.g. ICD-9) and/or the treatment code(s) (e.g. CPT) that apply to the claim involved with the adverse benefit determination or final internal adverse benefit determination notice. A request for this information, in itself, will not be considered a request for an appeal or external review.

INITIAL DENIAL NOTICES

Notice of a claim denial (including a partial denial) will be provided to claimants by mail, postage prepaid, within the time frames noted above.

However, notices of adverse decisions involving urgent care claims may be provided to a claimant orally within the time frames noted above for expected urgent care claim decisions. If oral notice is given, written notification will be provided to the claimant no later than 3 days after the oral notification.
A claims denial notice will state the specific reason or reasons for the adverse benefit determination, the specific Plan provisions on which the determination is based, and a description of this Plan’s review procedures and associated timeline. The notice will also include a description of any additional material or information necessary for the claimant to perfect the claim and an explanation of why such material or information is necessary.

The notice will describe this Plan’s review procedures and the time limits applicable to such procedures.

The notice will also disclose any internal Plan rule, protocol or similar criterion that was relied on to deny the claim. A copy of the rule, protocol or similar criterion relied upon will be provided to a claimant free of charge upon request.

If the adverse benefit determination is based on medical necessity, experimental, investigational or for research purposes, or similar exclusion or limit, the notice will provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of this Plan to the claimant’s medical circumstances, or a statement that such explanation will be provided free of charge upon request.

In the case of an adverse decision of an urgent care claim, the notice will provide a description of this Plan’s expedited review procedures applicable to such claims.

**APPEALS OF ADVERSE BENEFIT DETERMINATIONS**

A claimant must appeal an adverse benefit determination within 180 days after receiving written notice of the denial (or partial denial). This Plan uses a one level appeal process and an external review following the Kentucky external review process for all adverse benefit determinations. Humana will make the final determination on the appeal.

An appeal must be made by a claimant by means of written application, in person, or by mail (postage prepaid), addressed to:

Humana Grievance and Appeals  
P.O. Box 14546  
Lexington, KY 40512-4546

However, a claimant on appeal may request an expedited appeal of an adverse urgent care claim decision, orally or in writing. In such case, all necessary information, including this Plan’s benefit determination on review, will be transmitted between this Plan and the claimant by telephone, facsimile, or other available similarly expeditious method, to the extent permitted by applicable law.

Appeals of denied claims will be conducted promptly, will not defer to the initial determination, and will not be made by the person that made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by the claimant relating to the claim.

A claimant may review relevant documents free of charge, and may submit issues and comments in writing. In addition, a claimant on appeal may, upon request, discover the identity of medical or vocational experts whose advice was obtained on behalf of this Plan in connection with the adverse benefit determination being appealed, as permitted under applicable law.
If the claims denial being appealed was based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is experimental, investigational or for research purposes or not medically necessary, or appropriate, the person deciding the appeal will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The consulting health care professional will not be the same person who decided the initial appeal or a subordinate of that person.

**TIME PERIOD FOR DECISIONS ON APPEAL**

Appeals of claims denials will be decided and notice of the decision provided as follows:

<table>
<thead>
<tr>
<th>Claim Type</th>
<th>Time Frame</th>
</tr>
</thead>
<tbody>
<tr>
<td>Urgent Care Claims</td>
<td>As soon as possible, but not later than 72 hours after Humana has received the appeal request. If oral notification is given, written notification will follow in hard copy or electronic format within the next three days.</td>
</tr>
<tr>
<td>Pre-Service Claims</td>
<td>Within a reasonable period, but not later than 30 days after Humana has received the appeal request.</td>
</tr>
<tr>
<td>Post-Service Claims</td>
<td>Within a reasonable period, but not later than 30 days after Humana has received the appeal request.</td>
</tr>
<tr>
<td>Concurrent Care Decisions</td>
<td>Within the time periods specified above, depending on the type of claim involved.</td>
</tr>
</tbody>
</table>

**APPEAL DENIAL NOTICES**

Notice of a benefit determination on appeal will be provided to claimants by mail, postage prepaid, within the time frames noted above.

A notice that a claim appeal has been denied will state the specific reason or reasons for the adverse benefit determination and the specific Plan provisions on which the determination is based.

The notice will also disclose any internal Plan rule, protocol or similar criterion that was relied on to deny the claim on appeal. A copy of the rule, protocol or similar criterion relied upon will be provided to a claimant free of charge upon request.

If the adverse benefit determination is based on medical necessity, experimental, investigational or for research purposes or similar exclusion or limit, the notice will provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of this Plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.
In the event of a denial of an appealed claim, the *claimant on appeal* will be entitled to receive upon request and without charge, reasonable access to and copies of any document, record or other information:

- Relied on in making the determination;
- Submitted, considered or generated in the course of making the benefit determination;
- That demonstrates compliance with the administrative processes and safeguards required with respect to such determinations;
- That constitutes a statement of policy or guidance with respect to this Plan concerning the denied treatment without regard to whether the statement was relied on.

**FULL AND FAIR REVIEW**

As part of providing an opportunity for a full and fair review, this Plan shall provide the *claimant*, free of charge, with any new or additional evidence considered, relied upon, or generated by this Plan (or at the direction of this Plan) in connection with the claim. Such evidence shall be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided to give the *claimant* a reasonable opportunity to respond prior to that date.

Before a final internal adverse benefit determination is made based on a new or additional rationale, this Plan shall provide the *claimant*, free of charge, with the rationale. The rationale shall be provided as soon as possible and sufficiently in advance of the date on which the notice of final internal adverse benefit determination is required to be provided to give the *claimant* a reasonable opportunity to respond prior to that date.

**RIGHT TO REQUIRE MEDICAL EXAMINATIONS**

This Plan has the right to require that a medical examination be performed on any *claimant* for whom a claim is pending as often as may be reasonably required. If this Plan requires a medical examination, it will be performed at this Plan’s expense. This Plan also has a right to request an autopsy in the case of death, if state law so allow.

**EXHAUSTION OF REMEDIES**

*You* or *your authorized representative* will have exhausted the administrative remedies under the plan and my request an external review:

- When the internal appeals process under this section is complete;
- If this Plan fails to make a timely determination or notification of and internal appeal;
- *You* or *your authorized representative* and Humana jointly agree to waive the internal appeal process; or
- If this Plan fails to adhere to all requirements of the internal appeal process, except for failures that are based on de minimis violations.
EXTERNAL REVIEW

Within 4 months after you or your authorized representative receives notice of a final adverse benefit determination, you or your authorized representative may request an external review. The request for external review must be made in writing to us. You or your authorized representative may be assessed a $25 filing fee that will be refunded if the adverse benefit determination is overturned. The fee will be waived if the payment of the fee would impose undue financial hardship. The annual limit on filing fees for each covered person within a single year will not exceed $75.

You or your authorized representative will be required to authorize release of any medical records that may be required to be reviewed for the purpose of reaching a decision on the external review. Please refer to the section titled 'Expeditied external review' if the adverse benefit determination involves an urgent-care claim or an ongoing course of treatment.

If the request qualifies for an external review, we will notify you or your authorized representative in writing of the assignment of an IRE and the right to submit additional information. Additional information must be submitted within the first 5 business days of receipt of the letter. You or your authorized representative will be notified of the determination within 21 calendar days from receipt of all information required from us. An extension of up to 14 calendar days may be allowed if agreed by the covered person and this Plan. This request for an external review will not exceed 45 days of the receipt of the request.

EXPEDITED EXTERNAL REVIEW

You or your authorized representative may request an expedited external review in writing or orally:

- At the same time you request an expedited internal appeal of an adverse benefit determination for an urgent-care claim or when you are receiving an ongoing course of treatment; or
- When you receive an adverse benefit determination or final adverse benefit determination of:
  - An urgent-care claim;
  - An admission, availability of care, continued stay or health care service for which you received emergency services, but you have not been discharged from the facility; or
  - An experimental or investigational treatment if the treating physician certifies, in writing, that the recommended service would be significantly less effective if not promptly initiated.

An adverse benefit determination of any rescission of coverage is not available for external review.

If the request qualifies for an expedited external review, an IRE will be assigned. This Plan will contact the IRE by telephone for acceptance of the assignment. You or your authorized representative will be notified within 24 hours of receiving the request. An extension of up to 24 hours may be allowed if agreed by the covered person or their authorized representative and this Plan. This request for an expedited external review will not exceed 72 hours of the receipt of the request.
LEGAL ACTIONS AND LIMITATIONS

No lawsuit with respect to plan benefits may be brought after the expiration of three (3) years after the latter of:

- The date on which we first denied the service or claim; paid less than you believe appropriate; or failed to timely pay the claim; or
- 180 days after a final determination of a timely filed appeal.

SECTION 3

ELIGIBILITY AND EFFECTIVE DATE OF COVERAGE
ELIGIBILITY AND EFFECTIVE DATE OF COVERAGE

You are eligible for coverage under the Kentucky Retirement Systems Health Plan ("the Plan") if you are the recipient of a monthly retirement allowance from Kentucky Retirement Systems either:

- Under its formal retirement program, and you are eligible for Medicare, or
- Due to a disability, and you are eligible for Medicare as a result of that disability.

You also can enroll your eligible dependents in this Plan. They too must be Medicare-eligible.

Enrolling For Coverage

If you would like medical coverage under this plan, you must apply for it within 30 calendar days following the first of the month that your first retirement allowance is issued. If you do not apply for coverage within that time frame, you will have to wait for the annual open enrollment period or for a qualified status change. You can enroll for coverage or change your current Plan coverage during annual open enrollment. You also can enroll in the Plan if you become newly eligible during the year or if you experience a qualified status change.

When Coverage Begins

If you make a coverage election during the annual open enrollment, your coverage becomes effective on the next January 1. If you make a new coverage election during the year, your coverage becomes effective on the first day of the month following the month in which the retirement office receives your enrollment form. The effective date of the coverage can be no earlier than your Medicare eligibility date.

When You Can Make Changes

You may change your Plan coverage during the year if you have a qualified status change. If you want to change your election as a result of a status change, your new election must be made within 30 days from the date of the status change. Status changes include:

- Marriage, divorce, legal separation or annulment.
- Birth or adoption (or placement for adoption) of a child.
- Death of a covered spouse or child.
- Loss or gain of eligibility for insurance coverage for you or a covered dependent. This does not include a voluntary termination of coverage. This includes non-payment of premiums.
- Change in employment status including termination or commencement of employment, a commencement of or a return from an unpaid leave of absence, or a change in work schedule (including part-time to full-time or vice versa) for you, your spouse or your dependent.
- Change in health insurance eligibility due to a relocation of residence or workplace for you, your spouse or your dependent. Applies to members returning home from out of country or leaving jail.
- A judgment, decree or order resulting from your marriage, divorce, legal separation, annulment or change in child custody requiring you to add or allowing you to drop coverage for your dependents.
Your or your spouse’s or dependent child’s entitlement to Medicare benefits. If you and/or your dependents did not enroll in Medicare Part B, at the time you became eligible, subsequent enrollment in Part B is not a qualifying event allowing you to enroll in the Plan outside of the Open Enrollment period.

- A significant increase in cost, or reduction in benefits, of coverage under the Plan or your spouse’s plan.
- A change in a spouse’s or dependent child’s coverage under another plan that would permit a new election under that plan and applicable IRS regulations.
- Your or your dependent’s prior coverage was COBRA continuation that has since been exhausted. You have 30 days from the date of the status change to revise your elections. Please keep in mind that the change you request must be consistent with your status change. For instance, if you adopt a child, you may enroll your new dependent for medical coverage, but you cannot change medical plan options. Generally, your change in coverage will become effective on the first day of the month following the month in which the retirement office receives your enrollment form.
TERMINATION OF COVERAGE

When Coverage Ends

Your coverage under this plan will end on the earliest of the following dates:
- December 31 following the open enrollment in which you terminate coverage.
- The effective date of an applicable status change.
- The date of death for the Covered Person.
- The end of the month in which eligibility is lost due to a qualified status change.

Loss of Benefits

You or your dependents also may experience a reduction in or loss of benefits in any of the following circumstances:
- *You* fail to follow the Plan’s procedures.
- The last day of the month in which full payment of premiums was received if *you* stop making contributions for coverage.
- *You* fail to reimburse the Plan for a claim that was paid in error or otherwise, but was later denied.
- *You* receive reimbursement for a Covered Expense by another medical plan that is primary to the Plan while also receiving primary reimbursement from the Plan.
- *You* receive a judgment, settlement, or otherwise from any person or entity with respect to the sickness, injury or other condition that gives rise to the expenses the Plan pays.
- *You* are found to have committed a fraudulent act against the Plan including, but not limited to, the fraudulent filing of a claim for reimbursement.
- The plan is amended or terminated, but only with respect to expenses incurred after the amendment or termination becomes effective.
SECTION 4
GENERAL PROVISIONS
AND REIMBURSEMENT/
SUBROGATION
GENERAL PROVISIONS

The following provisions are to protect your legal rights and the legal rights of this Plan.

PLAN ADMINISTRATION

The Plan Sponsor has established and continues to maintain this Plan for the benefit of its retirees and their eligible dependents as provided in this document.

Benefits under this Plan are provided on a self-insured basis, which means that payment for benefits is ultimately the sole financial responsibility of the Plan Sponsor. Certain administrative services with respect to this Plan, such as claims processing, are provided under a services agreement. Humana is not responsible, nor will it assume responsibility, for benefits payable under this Plan.

Any changes to this Plan, as presented in this Summary Plan Description must be properly adopted by the Plan Sponsor, and material modifications must be timely disclosed in writing and included in or attached to this document. A verbal modification of this Plan or promise having the same effect made by any person will not be binding with respect to this Plan.

RESCISISON

This Plan will rescind coverage only due to fraud or an intentional misrepresentation of a material fact. Rescission is a cancellation or discontinuance of coverage that has a retroactive effect. A cancellation or discontinuance is not a rescission if the cancellation or discontinuance of coverage has only a prospective effect, or the cancellation or discontinuance of coverage is effective retroactively, to the extent it is attributable to a failure to timely pay premium or costs of coverage.

CONTESTABILITY

This Plan has the right to contest the validity of your coverage under the Plan at any time.

RIGHT TO REQUEST OVERPAYMENTS

This Plan reserves the right to recover any payments made by this Plan (or any other Plan that Humana administers) that were:

- Made in error; or
- Made to you or any party on your behalf where this Plan determines the aggregate payment to you or any party is greater than the amount payable under this Plan.

This Plan has the right to recover against you if this Plan (or any other Plan that Humana administers) has paid you or any other party on your behalf.

WORKERS' COMPENSATION NOT AFFECTED

This Plan is not issued in lieu of, nor does it affect any requirement for coverage by any Workers' Compensation or Occupational Disease Act or Law.
WORKERS' COMPENSATION

If benefits are paid by this Plan and this Plan determines you received Workers' Compensation for the same incident, this Plan has the right to recover as described under the Reimbursement/Subrogation provision. This Plan will exercise its right to recover against you even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily injury or sickness was sustained in the course of, or resulted from, your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier;
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this Plan, you will notify Humana of any Workers' Compensation claim you make, and that you agree to reimburse this Plan as described above.

MEDICAID

This Plan will not take into account the fact that a person is eligible for medical assistance or Medicaid under state law with respect to enrollment, determining eligibility for benefits, or paying claims.

If payment for Medicaid benefits has been made under a state Medicaid plan for which payment would otherwise be due under this Plan, payment of benefits under this Plan will be made in accordance with a state law which provides that the state has acquired the rights with respect to a covered person to the benefits payment.

CONSTRUCTION OF PLAN TERMS

The Plan Manager has the sole right to construe and prescribe the meaning, scope and application of each and all of the terms of this Plan, including, without limitation, the benefits provided thereunder, the obligations of the beneficiary and the recovery rights of this Plan; such construction and prescription by the Plan Manager shall be final and uncontestable.
The beneficiary agrees that by accepting and in return for the payment of covered expenses by this Plan in accordance with the terms of this Plan:

- This Plan shall be repaid the full amount of the covered expenses it pays from any amount received from others for the bodily injuries or losses which necessitated such covered expenses. Without limitation, "amounts received from others" specifically includes, but is not limited to, liability insurance, worker's compensation, uninsured motorists, underinsured motorists, "no-fault" and automobile med-pay payments or recovery from any identifiable fund regardless of whether the beneficiary was made whole.

- This Plan's right to repayment is, and shall be, prior and superior to the right of any other person or entity, including the beneficiary.

- The right to recover amounts from others for the injuries or losses which necessitate covered expenses is jointly owned by this Plan and the beneficiary. This Plan is subrogated to the beneficiary's rights to that extent. Regardless of who pursues those rights, the funds recovered shall be used to reimburse this Plan as prescribed above; this Plan has no obligation to pursue the rights for an amount greater than the amount that it has paid, or may pay in the future. The rights to which this Plan is subrogated are, and shall be, prior and superior to the rights of any other person or entity, including the beneficiary.

- The beneficiary will cooperate with this Plan in any effort to recover from others for the bodily injuries and losses which necessitate covered expense payments by this Plan. The beneficiary will notify this Plan immediately of any claim asserted and any settlement entered into, and will do nothing at any time to prejudice the rights and interests of this Plan. Neither this Plan nor the beneficiary shall be entitled to costs or attorney fees from the other for the prosecution of the claim.

RIGHT TO COLLECT NEEDED INFORMATION

You must cooperate with Humana and when asked, assist Humana by:

- Authorizing the release of medical information including the names of all providers from whom you received medical attention;

- Obtaining medical information and/or records from any provider as requested by Humana;

- Providing information regarding the circumstances of your sickness or bodily injury;

- Providing information about other insurance coverage and benefits, including information related to any bodily injury or sickness for which another party may be liable to pay compensation or benefits; and

- Providing information Humana requests to administer this Plan.

Failure to provide the necessary information will result in denial of any pending or subsequent claims, pertaining to a bodily injury or sickness for which the information is sought, until the necessary information is satisfactorily provided.
DUTY TO COOPERATE IN GOOD FAITH

You are obliged to cooperate with Humana in order to protect this Plan’s recovery rights. Cooperation includes promptly notifying Humana that you may have a claim, providing Humana relevant information, and signing and delivering such documents as Humana reasonably request to secure this Plan’s recovery rights. You agree to obtain this Plan’s consent before releasing any party from liability for payment of medical expenses. You agree to provide Humana with a copy of any summons, complaint or any other process serviced in any lawsuit in which you seek to recover compensation for your bodily injury or sickness and its treatment.

You will do whatever is necessary to enable Humana to enforce this Plan’s recovery rights and will do nothing after loss to prejudice this Plan’s recovery rights.

You agree that you will not attempt to avoid this Plan’s recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

Failure of the covered person to provide Humana such notice or cooperation, or any action by the covered person resulting in prejudice to this Plan’s rights will be a material breach of this Plan and will result in the covered person being personally responsible to make repayment. In such an event, this Plan may deduct from any pending or subsequent claim made under this Plan any amounts the covered person owes this Plan until such time as cooperation is provided and the prejudice ceases.
SECTION 5
NOTICES
This Notice of Privacy Practices describes how we may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It applies to the benefits in the Kentucky Retirement Systems Health Plans that pay for the cost of, or provide, health and/or prescription drug benefits. We will refer to these benefits in this Notice as “the Plan.” If you receive health benefits through a third party administrator (such as Humana) that provides benefits administration services through and to the Plan, you may also receive a notice from the third party administrator. That notice will describe how the insurer will use your health information and provide your rights.

This Notice also describes your rights to access and control your protected health information, as well as certain obligations we have regarding the use and disclosure of your protected health information. Protected health information” (“PHI”) is medical information about you, including demographic information, that may identify you and that relates to your past, present, or future physical or mental health or condition and related health care services. It also includes information related to the payment for these services such as claims, eligibility, and enrollment for benefits. We are required by law to maintain the privacy of your PHI and to provide you with notice of our legal duties and privacy practices with respect to your PHI. We are also required to abide by the terms of this Notice as currently in effect.

This Notice will be followed by the Plan and all of the employees, staff and other individuals who assist in the administration of the Plan. This notice also covers our third party “business associates” who perform various activities for us to provide you benefits and to administer the Plan. Before we disclose any of your PHI to one of our business associates, we will enter into a written contract with them that contains terms to protect the privacy of your PHI.

Uses And Disclosures Of Your Protected Health Information

This Notice sets forth different reasons for which we may use and disclose your PHI. The Notice does not list every possible use and disclosure; however, all of our uses and disclosures of your PHI will fall into one of the following general categories.

- **For Treatment.** We may disclose your PHI to health care providers who treat you.
- **For Payment.** We will use your PHI for “payment” purposes. For example, we may use and disclose your PHI so that we may provide reimbursement for health care services you received. We may also use or disclose your PHI to obtain premiums for insurance coverage, to determine whether you are eligible for health benefits or coverage, or to make determinations whether treatment is medically necessary for you.
- **For Health Care Operations.** We may use and disclose your PHI for purposes of health care operations. These uses and disclosures are necessary to manage the Plan and to make sure that all of its participants receive quality health care. Your PHI may be used to assess the quality of service our staff has provided to you or to help us evaluate the benefits of the Plan. It also may be used to apply for a Medicare Part D subsidy.
- **Treatment Alternatives and Health Related Benefits.** We may use and disclose your PHI to inform you of or recommend possible treatment alternatives or health related benefits or services that may be available to you.
- **Plan Sponsor.** We may use and disclose your PHI, as needed, to employees of the Kentucky Retirement Systems who have a need to know your PHI to help administer the Plan and answer your questions about your benefits.
- **Individuals Involved in Your Health Care or Payment for Your Health Care.** We may disclose your PHI to a parent, if you are a minor, or to a personal representative who is involved in your medical treatment or care. We may also disclose this information to a person who is responsible for your medical bills or otherwise involved in paying for your health care. We will generally try to obtain your written authorization before releasing your PHI to your spouse. However, if you are not present or are incapacitated, we may still release your PHI if a disclosure is in your best interest and directly relevant to the inquiring person’s involvement in your health care. In addition, we may use and disclose PHI so that your family can be notified as to your condition, location, or death, or so that care or rescue efforts can be coordinated.

- **As Required By Law.** We will use and disclose your PHI when required to do so by federal, state or local law, to the extent that such use and disclosure is limited to the relevant requirements of such law.

- **Judicial and Administrative Proceedings.** We may disclose your PHI in response to a court or administrative order. We may also disclose your PHI in response to a subpoena, discovery request, or other lawful process by another person involved in the dispute, but only if we believe that the party seeking the PHI has made reasonable efforts to tell you about the request or to obtain an order protecting the information requested.

- **Public Health Activities.** We may disclose your PHI for purposes of public health activities. These activities generally include activities such as: preventing or controlling disease, injury, or disability; reporting the conduct of public health surveillance, investigations, and interventions; reporting adverse events relating to product defects, problems, or biological deviations; and notifying people to enable product recalls, repairs, and replacement.

- **Abuse, Neglect, or Domestic Violence.** We may disclose PHI to notify an appropriate government authority if we reasonably believe an individual has been the victim of abuse, neglect, or domestic violence. We will only make this disclosure if you agree or when required or authorized by law.

- **Health Oversight Activities.** We may disclose your PHI to a health oversight agency for activities that are necessary for the government to monitor the health care system, government benefit programs, compliance with program standards, and compliance with civil rights laws. These activities might include: civil, administrative or criminal investigations, proceedings, and prosecutions and audits of the Plan by governmental agencies.

- **Law Enforcement.** We may disclose your PHI, within limitations, if asked to do so by a law enforcement official for a law enforcement purpose, if it is: (1) to identify or locate a suspect, fugitive, material witness, or missing person; (2) about the victim of a crime if the individual agrees to the disclosure, or due to incapacity or emergency, we are unable to obtain the individual’s agreement; (3) about a death we suspect may have resulted from criminal conduct; and (4) about criminal conduct we believe in good faith to have occurred on our premises.

- **Coroners, Medical Examiners and Funeral Trustees.** We may disclose your PHI to a coroner or medical examiner as necessary to identify a deceased person or determine a cause of death. We may also disclose your PHI, as necessary, in order for the funeral directors to carry out their duties.

- **Organ, Eye and Tissue Donation.** We may disclose your PHI to an organ procurement organization or other entity involved in the procurement, banking, or transplantation of organs, eyes, or tissue to facilitate the donation and transplantation process.

- **Research.** We may use and disclose your PHI for certain limited research purposes. Generally, the research project must be approved through a special committee that reviews the research proposal and ensures that the PHI is necessary for research purposes.
To Avert a Serious Threat to Health or Safety. We may use and disclose your PHI when we believe in good faith it is necessary to prevent a serious threat to your health and safety or the health and safety of another person or the public. Any disclosure, however, would only be to a person able to help prevent the threat.

Governmental Functions. We may disclose the PHI of individuals who are members of the Armed Forces, as required by appropriate military command authorities. PHI may be disclosed for purposes of determining an individual’s eligibility for or entitlement to benefits under appropriate military laws. We may also disclose the PHI of foreign military personnel to the appropriate foreign military authority. We may disclose your PHI to authorized federal officials for lawful intelligence, counterintelligence, and other national security activities as authorized by law. We may disclose your PHI to authorized federal officials, so they may adequately provide protection to the President, other authorized persons, or foreign heads of state. PHI may also be disclosed to conduct special investigations.

Inmates. We may disclose your PHI, as long as you are an inmate of a correctional institution or under the custody of a law enforcement official, to the correctional institution or law enforcement official. The disclosure must be necessary: (1) for the institution or law enforcement official to provide you with health care; (2) to protect your health and safety or the health and safety of others in connection with the correctional institution; and (3) for the safety and security of the correctional institution.

Workers’ Compensation. We may disclose your PHI for workers’ compensation or similar programs. These programs provide benefits for work-related injuries or illness.

Other Uses and Disclosures Of Your Protected Health Information. Other uses and disclosures of your PHI not covered by this Notice or the laws that apply to us, will be made only with your written authorization. If you have given us your authorization, you may revoke that authorization, in writing, at any time. If you revoke your authorization, we will no longer use or disclose the PHI for the reasons covered by your written authorization, except to the extent that we have taken action in reliance on your authorization. Please note that we are unable to withdraw any disclosures we have already made with your written authorization.

Your Rights Regarding Your Protected Health Information. You have the following rights regarding your PHI which we maintain, as required by law. To exercise any of the following rights, you must make your request in writing by filling out the appropriate form provided by the Plan and submitting it to Executive Director of the Office of Legal Services, Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, KY 40601, (502) 696-8800.
Right to Request Restrictions. You have the right to request a restriction or limitation on the use or disclosure of your PHI for purposes of treatment, payment, or health care operations. You also have the right to request that we restrict the disclosure of your PHI from those involved in your health care or the payment for your health care, such as with a family member or friend. For example, you may request that we not use or disclose your PHI relating to a procedure you may have had. We are not required to agree with your request for restrictions. However, if we do agree, we will comply with your request unless the information is needed to provide you with emergency treatment. If we agree to your request, either you or we may revoke the restriction; however, if we revoke it, it will only apply to PHI that we obtain after the revocation. The only instance in which we must agree to a restriction is when you request to restrict a disclosure to another health plan for purposes of carrying out payment or health care operations (and not for purposes of carrying out treatment), provided your health information pertains solely to a health care item or service for which a health care provider involved has been paid out of pocket in full. In your request, you must tell us: (1) what information you want to limit; (2) whether you want to limit our use, disclosure or both; and (3) to whom you want the limits to apply, for example, disclosures to your spouse or children.

Right to Request Confidential Communications. You have the right to request that we communicate with you about your personal health matters in a particular way or at a particular location.

For example, you can request that we only contact you at work or at a friend’s house. We may require that your request contain a statement that the disclosure of all or part of the PHI for which you are requesting a restriction could harm you if disclosed. We will accommodate all reasonable requests. However, we may condition granting your request on receiving appropriate information regarding payment, as well as you specifying how or where you would like us to contact you.

Right to Inspect and Copy. You have the right to inspect and copy your PHI that is kept in a designated record set. This may include medical and billing records, but does not include: (1) psychotherapy notes; (2) information compiled in anticipation of or for use in legal actions or proceedings; or (3) PHI that is maintained by the Plan to which access is prohibited by law. If you request a copy of the information, we may charge a fee for the costs of copying, mailing or preparing the requested documents.

We may provide you with a written denial of your request to inspect and copy in certain very limited circumstances: (1) the PHI you are requesting to inspect is specifically prohibited by law; or (2) the information you are requesting was confidentially obtained from a source other than a health care provider and if you were granted access you could find out the identity of the source.

If you are denied access to your PHI, for reasons other than those listed above, you may request that the denial be reviewed. A licensed health care professional chosen by the Plan will review your request, as well as the basis for the denial. The person conducting the review will not be the person who denied your request the first time. The outcome of the review will be the final decision.

Right to Amend. You have the right to request that we amend your PHI in a designated record set if it is incorrect or incomplete. You have the right to request an amendment for as long as the information is kept by or for the Plan within a designated record set. You must be prepared to provide a reason to support your request for an amendment.

We may deny your request for an amendment if the request does not include a reason to support the request for an amendment. Furthermore, we may deny your request for an amendment if you request that we amend PHI that: (1) was not created by us, unless the person or covered entity that created the PHI is no longer available to make the amendment; (2) is not part of the health information kept by or for the Plan within the designated record set; (3) is not part of the information that you would be permitted to inspect and copy by law; or (4) is accurate and complete.
Right to an Accounting of Disclosures. You have the right to request a list of the disclosures we have made of your PHI. Your request must state a time period that may not be longer than six years, but that may be shorter, and may not include dates before September 1, 2005. The first accounting you request within a 12 month period will be free. For additional accountings, we may charge you for the costs of providing the accounting. We will notify you of the costs involved and give you an opportunity to withdraw or modify your request, before any costs have been incurred. You have a right to receive an accounting of disclosures made by the Plan within the past six years from the date of your request, except for disclosures that have been made: (1) to carry out treatment, payment or health care operations; (2) to you; (3) incident to a use or disclosure permitted or required by law; (4) pursuant to an authorization; (5) to those involved in your care or for notification purposes; (6) for national security or intelligence purposes; (7) to correctional institutions or law enforcement officials; (8) as part of a limited data set; and (9) prior to September 1, 2005.

Right to a Paper Copy of this Notice. You have the right to receive a paper copy of this Notice. You may request that we give you a copy of this Notice at any time. Even if you have agreed to receive this Notice electronically, you are still entitled to receive a paper copy.

Receive Notice of a Breach. You have the right to be notified in writing following a breach of your medical information that is not secured in accordance with certain security standards.

Changes To This Notice. We reserve the right to change the terms of this Notice. We reserve the right to make the new Notice provisions effective for all PHI we currently maintain, as well as any information we receive in the future.

Complaints. If you believe your privacy rights have been violated, you may file a complaint with the Plan or with the Secretary of the Department of Health and Human Services. You will not be retaliated against or penalized for filing the complaint. To file a complaint with the Plan, contact the Privacy Officer, Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, KY 40601. You will need to submit your complaint in writing. The Privacy Officer or designated staff will review and investigate your complaint and provide you with a written response within 30 days, or within 60 days if additional time is needed. You will be notified in writing if additional time is needed. If you wish to have your complaint further reviewed after receiving the written response, you may contact the KRS General Counsel to request additional review and action on your complaint. You may request review directly by the General Counsel if you have requested access or amendment and your request has been denied. To request additional review contact KRS General Counsel, Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601. You will receive written notification within 30 days or 60 days if additional time is needed and you are notified of the delay regarding the review of your claim.
THE CONSOLIDATED OMNIBUS BUDGET RECONCILIATION ACT OF 1986 (COBRA)

CONTINUATION OF BENEFITS

On April 7, 1986, the Consolidated Omnibus Budget Reconciliation Act (COBRA) was signed into law. This federal law applies to employers with 20 or more employees. The law requires that employers offer employees and/or their dependents continuation of medical coverage at group rates in certain instances where there is a loss of group insurance coverage.

COBRA Continuation Coverage

This section contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to continuation of coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group health coverage. This section generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it. This section gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, contact the Plan Administrator.

The Plan Administrator is:

KENTUCKY RETIREMENT SYSTEMS
Perimeter Park West
1260 Louisville Road
Frankfort, Kentucky 40601-6124,
Telephone 1-800-928-4646.

The Plan Administrator is responsible for administering COBRA continuation coverage.

COBRA Continuation Coverage

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this section. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” Only qualified beneficiaries may elect to continue their group health plan coverage under the Plan. A qualified beneficiary is a retiree, spouse of a retiree, or dependent of a retiree who will lose coverage under the Plan because of a qualifying event. (Certain newborns, newly adopted children and alternate recipients under Qualified Medical Child Support Orders ["QMCSOs"] may also be qualified beneficiaries. This is discussed in more detail in separate paragraphs below.) Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Continuation coverage is the same coverage that the Plan makes available to other participants or beneficiaries under the Plan who are not receiving continuation coverage. Each qualified beneficiary who elects continuation coverage will have the same rights under the Plan as other participants or beneficiaries covered under the Plan, including special enrollment rights. For more information about your rights and obligations under the Plan, contact the Plan Administrator.
Qualifying Events

If you are a retiree, you will become a qualified beneficiary if you lose your coverage under the Plan because your retirement benefits end within the COBRA maximum coverage period for any reason other than your gross misconduct. If you are the spouse of a retiree, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events:

- Your spouse dies;
- Your spouse’s retirement benefits end within the COBRA maximum coverage period for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare (Part A, Part B or both); or
- You become divorced or legally separated from your spouse. Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happen:
  - The parent-retiree dies;
  - The parent-retiree’s retirement benefits end within the COBRA maximum coverage period for any reason other than his or her gross misconduct;
  - The parent-retiree becomes enrolled in Medicare (Part A, Part B or both);
  - The parents become divorced or legally separated; or
  - The child stops being eligible for coverage under the Plan as a “dependent child.”

Notification Of Qualifying Events

You are responsible for providing notice to the Plan Administrator when certain qualifying events occur. If you do not provide notice within certain timeframes, you will not be entitled to continuation coverage under the Plan. The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been timely notified that a qualifying event has occurred. When the qualifying event is the death of the retiree, or enrollment of the retiree in Medicare (Part A, Part B or both), the retiree or the retiree’s family must notify the Plan Administrator of such qualifying event as soon as possible, but not later than 30 days of any of these events. For the other qualifying events including:

- Divorce or legal separation of the retiree and spouse,
- A dependent child’s losing coverage,
- The occurrence of a second qualifying event, or
- Determination of Social Security disability status, you, the affected qualified beneficiary, or your representative must notify the Plan Administrator.

The Plan requires you to notify the Plan Administrator in writing within 60 days after the later of:

- The qualifying event,
- The date the qualified beneficiary loses (or would lose) coverage due to the qualifying event, or
- The date the qualified beneficiary is informed of the responsibility to provide notice and the Plan’s procedures for providing notice, using the procedures specified in the section below titled “Notice Procedures.” If these procedures are not followed, or if the notice is not provided in writing to the Plan Administrator during the 60-day notice period, any spouse or dependent child who loses coverage will NOT BE OFFERED THE OPTION TO ELECT CONTINUATION COVERAGE.
Notice Procedures

Any notice that you provide must be in writing. Oral notice, including notice by telephone, is not acceptable. You must mail or hand deliver your notice to:

KENTUCKY RETIREMENT SYSTEMS
Perimeter Park West, 1260 Louisville Road,
Frankfort, Kentucky 40601-6124.

If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state the name and address of the retiree covered under the Plan, and the name(s) and address(es) of the qualified beneficiary(ies). Your notice also must name the qualifying event and the date it happened. The Plan’s form of Notice Of Qualifying Event should be used to notify KENTUCKY RETIREMENT SYSTEMS of a qualifying event. A copy of this form can be obtained from the Plan Administrator. If the qualifying event is a divorce, your notice must include a copy of the divorce decree. Your notice of a second qualifying event also must name the event and the date it happened. If the qualifying event is a divorce, your notice must include a copy of the divorce decree. Your notice of disability also must include the name of the disabled qualified beneficiary, the date when the qualified beneficiary became disabled and the date the Social Security Administration made its determination. Your notice of disability must include a copy of the Social Security Administration’s determination. The Plan’s form of Notice by Qualified Beneficiary should be used to notify KENTUCKY RETIREMENT SYSTEMS of a second qualifying event, a disability determination or a determination that a qualified beneficiary is no longer disabled. A copy of this form can be obtained from the Plan Administrator.

ELECTING COBRA CONTINUATION COVERAGE

Once the Plan Administrator receives timely notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who timely elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that Plan coverage would otherwise have been lost. Each qualified beneficiary has an independent right to elect continuation coverage. For example, both the retiree and the retiree’s spouse (if he or she had been covered under the Plan on the day before the qualifying event) may elect continuation coverage, or only one of them may. Parents may elect to continue coverage on behalf of their dependent children only. A qualified beneficiary must elect coverage in writing within 60 days of being provided a COBRA election notice, using the Plan’s election form and following the procedures specified on the election form. A copy of the Plan’s election form may be obtained from the Plan Administrator. Your written notice must be provided to the Plan Administrator at the address provided on the Plan’s election form. If you mail your election, it must be postmarked no later than the last day of the 60-day election period. If you or your spouse or dependent children do not elect continuation coverage within the 60-day election period,

YOU WILL LOSE YOUR RIGHT TO ELECT CONTINUATION COVERAGE.

A qualified beneficiary may change a prior rejection of continuation coverage at any time until the end of the 60-day election period, in writing, by using the election form and following the procedures specified on the election form.
Failure to Elect

In considering whether to elect continuation coverage, you should take into account that a failure to continue your group health coverage will affect your future rights under federal law. First, you may lose the right to avoid having pre-existing condition exclusions applied to you by other group health plans if you have more than a 63-day gap in health coverage, and election of continuation coverage may help you not have such a gap. Second, you may lose the guaranteed right to purchase individual health insurance policies that do not impose such pre-existing condition exclusions if you do not get continuation coverage for the maximum time available to you. Finally, you should take into account that you may have special enrollment rights under federal law. You may have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your spouse’s employer) within 30 days after your group health coverage ends because of a qualifying event. You may also have the same special enrollment right at the end of the continuation coverage if you get continuation coverage for the maximum time available to you.

Length of COBRA Continuation Coverage

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the retiree, enrollment of the retiree in Medicare (Part A, Part B or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months. When the qualifying event is an end to retirement benefits within the COBRA maximum coverage period for any reason other than a retiree’s gross misconduct, COBRA continuation coverage lasts for up to 18 months. There are three ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of Continuation Coverage

An 11-month extension of coverage maybe available if any of the qualified beneficiaries in your family is disabled. All of the qualified beneficiaries who have elected continuation coverage will be entitled to the 11-month disability extension if one of them qualifies. The Social Security Administration (SSA) must determine that the qualified beneficiary was disabled at some time during the first 60 days of continuation coverage, and you must notify KENTUCKY RETIREMENT SYSTEMS of that fact in writing, using the procedures specified in the previous section titled “Notice Procedures,” within 60 days after the later of:

- the date of the SSA’s determination,
- the date of the qualifying event,
- the date on which the qualified beneficiary loses Plan coverage due to the qualifying event or
- the date the qualified beneficiary is informed of the responsibility to provide notice and the Plan’s procedures for providing notice, and before the end of the first 18 months of continuation coverage.
If these procedures are not followed or if a written notice of a disability is not provided to the Plan Administrator within the required period, THEN THERE WILL BE NO DISABILITY EXTENSION OF COBRA CONTINUATION COVERAGE. If the qualified beneficiary is determined by the SSA to no longer be disabled, you must notify KENTUCKY RETIREMENT SYSTEMS of that fact within 30 days of the later of SSA’s determination or the date the qualified beneficiary is informed of such responsibility to provide notice, using the procedures specified in the previous sections titled “Notification Of Qualifying Events” and “Notice Procedures.” COBRA coverage for all qualified beneficiaries will terminate as of the first day of the month that is more than 30 days after the SSA’s determination that the qualified beneficiary is no longer disabled, but no sooner than 18 months after the date of the original qualifying event. The Plan reserves the right to retroactively cancel COBRA coverage and will require reimbursement of all benefits paid after the first day of the month that is more than 30 days after the SSA’s determination that the qualified beneficiary is no longer disabled.

Second qualifying event extension of 18-month period of continuation coverage

An 18-month extension of coverage will be available to spouses and dependent children who elect continuation coverage if a second qualifying event occurs during the first 18 months of continuation coverage. The maximum amount of continuation coverage available when a second qualifying event occurs is 36 months. Such second qualifying events include a loss of Plan coverage due to

- the death of a covered retiree,
- divorce or separation from the covered retiree,
- the covered retiree enrolling in Medicare, or
- a dependent child’s ceasing to be eligible for coverage as a dependent under the Plan.

Upon the occurrence of a second qualifying event, you must notify KENTUCKY RETIREMENT SYSTEMS in writing within 60 days after the second qualifying event occurs using the procedures specified in the previous sections titled “Notification Of Qualifying Events” and “Notice Procedures.” If these procedures are not followed, or of a written notice of a second qualifying event is not provided to the Plan Administrator within the required period, THEN THERE WILL BE NO EXTENSION OF COBRA CONTINUATION COVERAGE DUE TO A SECOND QUALIFYING EVENT.

If a qualifying event that is an end to the retiree’s retirement benefits within the COBRA maximum coverage period for any reason other than the retiree’s gross misconduct occurs within 18 months after the retiree becomes entitled to Medicare, then the maximum coverage period for the spouse and dependent children will end 36 months from the date the retiree became entitled to Medicare (but the retiree’s maximum coverage period will be 18 months).

Termination of COBRA Continuation Coverage before the End of the Maximum Coverage Period

Continuation coverage will be terminated before the end of the maximum period if

- any required premium is not paid on time;
- after electing COBRA coverage, a qualified beneficiary becomes covered under another group health plan that does not impose any pre-existing condition exclusion for a pre-existing condition of the qualified beneficiary;
- after electing COBRA coverage, a qualified beneficiary enrolls in Medicare; or
- KENTUCKY RETIREMENT SYSTEMS ceases to provide any group health plan for its members.
Continuation coverage may also be terminated for any reason the Plan would terminate coverage of participant or beneficiary not receiving continuation coverage (such as fraud). You must notify the Plan Administrator in writing within 30 days if, after electing COBRA coverage, a qualified beneficiary becomes covered under another group health plan or enrolls in Medicare Part A or B. You must use the notice procedures specified in the previous sections titled “Notification of Qualifying Events.”

“Notice Procedures.” The Plan reserves the right to retroactively cancel COBRA coverage and, in that case, will require reimbursement of all benefits paid after the date of commencement of other group health plan coverage or Medicare entitlement.

Cost of Continuation Coverage

Generally, each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount a qualified beneficiary may be required to pay may not exceed 102% of the cost to the group health plan for coverage of a similarly situated plan participant or beneficiary who is not receiving continuation coverage (or, in the case of an extension of continuation coverage due to a disability, 150%). The Trade Act of 2002 created a new tax credit for certain individuals who become eligible for trade adjustment assistance (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage.
If you have questions about these new tax provisions, you may call the Health Care Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is available at www.doleta.gov/tradeact.

Payment for Continuation Coverage

First payment for continuation coverage if you elect continuation coverage, you do not have to send any payment for continuation coverage with the election form. However, you must make your first payment for continuation coverage within 45 days after the date of your election. This is the date the election form is postmarked, if mailed. If you do not make your first payment for continuation coverage within those 45 days, you will lose all continuation coverage rights under the Plan. Your first payment must cover the cost of continuation coverage from the time your coverage under the Plan would have otherwise terminated. You are responsible for making sure that the amount of your first payment is enough to cover this entire period. KRS has contracted with Discovery Benefits to administer COBRA benefits for the Plan. The COBRA premium payment amounts and the mailing address for the COBRA premiums will be stated on the election form provided to you at the time of your COBRA qualifying event. Questions concerning premium payments should be directed to Discovery Benefits at 1-877-765-8810.

Periodic Payments for Continuation Coverage

After you make your first payment for continuation coverage, you will be required to pay for continuation coverage for each subsequent month of coverage. Under the Plan, these periodic payments for continuation coverage are due on the first day of the month for the month in which the payments apply. If you make a periodic payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break. The Plan will not send periodic notices of payments due for these coverage periods. Periodic payments for continuation coverage should be sent to the address indicated on the election form provided at the time of your COBRA qualifying event.
Grace Periods for Periodic Payments

Although periodic payments are due on the dates shown above, you will be given a grace period of 30 days to make each periodic payment. Your continuation coverage will be provided for each coverage period so long as payment for that coverage period is made before the end of the grace period for that payment. If you fail to make a periodic payment before the end of the grace period for that payment, you will lose all rights to continuation coverage under the Plan. The grace period does not apply to your first payment which is due 45 days after the date of your election.

Option to Elect Other Health Coverage Besides COBRA Continuation Coverage

You may have the right, when your group health coverage ends, to enroll in an individual health insurance policy, without providing proof of insurability. The benefits provided under such an individual conversion policy may not be identical to those provided under the Plan. You may exercise this right in lieu of electing continuation coverage, or you may exercise this right after you have received the maximum continuation coverage available to you. You should note that if you enroll in an individual conversion policy, you could lose your right under federal law to purchase individual health insurance that does not impose any pre-existing condition limitations when your conversion policy coverage ends.

More Information About Individuals Who May Be Qualified Beneficiaries Children born to or placed for adoption with the covered retiree during COBRA period

A child born to, adopted by or placed for adoption with a covered retiree during a period of continuation coverage is considered to be a qualified beneficiary provided that, if the covered retiree is a qualified beneficiary, the covered retiree has elected continuation coverage for himself or herself. The child’s COBRA coverage begins when the child is enrolled in the Plan, whether through special enrollment or open enrollment, and it lasts for as long as COBRA coverage lasts for other family members of the retiree. To be enrolled in the Plan, the child must satisfy the otherwise applicable Plan eligibility requirements (for example, regarding age).

Alternate recipients under QMCSOs

A child of the covered retiree who is receiving benefits under the Plan pursuant to a Qualified Medical Child Support Order (QMCSO) is entitled to the same rights under COBRA as a dependent child of the covered retiree. The covered retiree must properly designate the child who is receiving benefits under the Plan pursuant to a QMCSO as a dependent with KENTUCKY RETIREMENT SYSTEMS.

ADDITIONAL NOTICES

THE WOMEN’S HEALTH AND CANCER RIGHTS ACT OF 1998 (WHCRA)

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women’s Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the covered mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

Contact Kentucky Retirement Systems (KRS) if you would like more information on WHCRA benefits.

THE NEWBORNS’ AND MOTHERS’ HEALTH PROTECTION ACT OF 1996

The Newborns’ and Mothers’ Health Protection Act of 1996 provides that group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). An attending provider is defined as an individual who is licensed under applicable state law to provide maternal or pediatric care and who is directly responsible for providing such care to a mother or newborn child. The definition of attending provider does not include a plan, hospital, managed care organization or other issuer. In any case, plans may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Upon termination of this Plan, the rights of the participants to benefits are limited to claims incurred and payable by this Plan up to the date of termination. Plan assets, if any, will be allocated and disposed of for the exclusive benefit of the participating covered members and their dependents covered by this Plan, except that any taxes and administration expenses may be made from this Plan’s assets.

This Plan does not constitute a contract between the Kentucky Retirement Systems (KRS) and any covered person and will not be considered as an inducement or condition of the employment of any covered member. Nothing in this Plan will give any covered member the right to be retained in the service of the Kentucky Retirement Systems (KRS), or for the Kentucky Retirement Systems (KRS) to discharge any covered member at any time.

This Plan is not in lieu of and does not affect any requirement for coverage by workers' compensation insurance.
SECTION 6
DEFINITIONS

DEFINITIONS

Italicized terms throughout this SPD have the meaning indicated below. Defined terms are italicized wherever found in this SPD.

A

Accident means a sudden event that results in a bodily injury and is exact as to time and place of occurrence.

Admission means entry into a facility as a registered bed patient according to the rules and regulations of that facility. An admission ends when you are discharged, or released, from the facility and you are no longer registered as a bed patient.

Advanced imaging, for the purpose of this definition, means Magnetic Resonance Imaging (MRI), Magnetic Resonance Angiography (MRA), Positron Emission Tomography (PET), Single Photon Emission Computed Tomography (SPECT) and Computed Tomography (CT) imaging.

Adverse benefit determination means a denial, reduction, or termination, or failure to provide or make payment (in whole or in part) for a benefit, including:

- A determination based on a covered person’s eligibility to participate in this Plan;
- A determination that a benefit is not a covered benefit;
- The imposition of a source-of-injury exclusion, network exclusion, or other limitation on otherwise covered benefits; or
- A determination resulting from the application of any utilization review, such as the failure to cover an item or service because it is determined to be experimental/investigational or not medically necessary.

An adverse benefit determination includes any rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at that time). Rescission is a cancellation or discontinuance of coverage that has retroactive effect. A cancellation or discontinuance is not a rescission if:

- The cancellation or discontinuance of coverage has only a prospective effect; or
- The cancellation or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay premium or costs of coverage.

Alternative medicine means an approach to medical diagnosis, treatment or therapy that has been developed or practiced NOT using the generally accepted scientific methods in the United States of America. For purposes of this definition, alternative medicine shall include, but is not limited to: acupressure, aromatherapy, ayurveda, biofeedback, faith healing, guided mental imagery, herbal medicine, holistic medicine, homeopathy, hypnosis, macrobiotics, naturopathy, ozone therapy, reflexotherapy, relaxation response, rolfing, shiatsu and yoga.
**Ambulance** means a professionally operated vehicle, provided by a licensed *ambulance* service, equipped for the transportation of a sick or injured person to or from the nearest medical facility qualified to treat the person’s *sickness* or *bodily injury*. Use of the *ambulance* must be *medically necessary* and/or ordered by a qualified practitioner.

**Ambulatory surgical center** means an institution which meets all of the following requirements:

- It must be staffed by physicians and a medical staff which includes registered *nurses*;
- It must have permanent facilities and equipment for the primary purpose of performing *surgery*;
- It must provide continuous physicians’ *services* on an outpatient basis;
- It must admit and discharge patients from the facility within a 24-hour period;
- It must be licensed in accordance with the laws of the jurisdiction where it is located. It must be operated as an *ambulatory surgical center* as defined by those laws;
- It must not be used for the primary purpose of terminating pregnancies, or as an office or clinic for the private practice of any physician or dentist.

**Appeal** (or *internal appeal*) means review by this Plan of an *adverse benefit determination*.

**Applied behavioral analysis (ABA) therapy** is an intensive behavioral treatment program that attempts to improve cognitive and social functioning.

**Assistant surgeon** means a *qualified practitioner* who assists at *surgery* and is a Doctor of Medicine (MD), Doctor of Osteopathic Medicine (DO), Doctor of Podiatric Medicine (DPM).

**B**

**Behavioral health** means *mental health services* and *substance abuse services*.

**Beneficiary** means *you* and *your* covered *dependent(s)*, or legal representative of either, and anyone to whom the rights of *you* or *your* covered *dependent(s)* may pass.

**Bodily injury** means bodily damage other than a *sickness*, including all related conditions and recurrent symptoms. However, bodily damage resulting from infection or muscle strain due to athletic or physical activity is considered a *sickness* and not a *bodily injury*.

**Bone marrow** means the transplant of human blood precursor cells. Such cells may be derived from *bone marrow*, circulating blood, or a combination of *bone marrow* and circulating blood obtained from the patient in an autologous transplant, from a matched related or unrelated donor, or cord blood. The term *bone marrow* includes the harvesting, the transplantation and the integral chemotherapy components.
Calendar year means a period of time beginning on January 1 and ending on December 31.

Claimant means a covered person (or authorized representative) who files a claim.

COBRA Service Provider means a provider of COBRA administrative services retained by Humana or the Kentucky Retirement Systems (KRS) to provide specific COBRA administrative services.

Coinsurance means the shared financial responsibility for covered expenses between the covered person and this Plan, expressed as a percentage.

Complications of pregnancy means:

- Conditions whose diagnoses are distinct from pregnancy but adversely affected by pregnancy or caused by pregnancy. Such conditions include: acute nephritis, nephrosis, cardiac decompensation, hyperemesis gravidarum, puerperal infection, toxemia, eclampsia and missed abortion;
- A non-elective cesarean section surgical procedure;
- Terminated ectopic pregnancy; or
- Spontaneous termination of pregnancy which occurs during a period of gestation in which a viable birth is not possible.

Complications of pregnancy do not mean:

- False labor;
- Occasional spotting;
- Prescribed rest during the period of pregnancy;
- Conditions associated with the management of a difficult pregnancy but which do not constitute distinct complications of pregnancy; or
- An elective cesarean section.

Concurrent care decision means a decision by this Plan to reduce or terminate benefits otherwise payable for a course of treatment that has been approved by this Plan (other than by Plan amendment or termination) or a decision with respect to a request by a claimant to extend a course of treatment beyond the period of time or number of treatments that has been approved by this Plan.

Concurrent review means the process of assessing the continuing medical necessity, appropriateness, or utility of additional days of hospital confinement, outpatient care, and other health care services.

Confinement or confined means you are a registered bed patient in a hospital or a qualified treatment facility as the result of a qualified practitioner’s recommendation. It does not mean detainment in observation status.
**Copayment** means the specified dollar amount that *you* must pay to a provider for certain medical *covered expenses*, regardless of any amounts that may be paid by this Plan, as shown in the “Medical Schedule of Benefits” section.

**Cosmetic surgery** means *surgery* performed to reshape structures of the body in order to change *your* appearance or improve self-esteem.

**Covered expense** means *medically necessary services* incurred by *you* or *your* covered *dependents* for which benefits may be available under this Plan, subject to any *maximum benefit* and all other terms, provisions, limitations and exclusions of this Plan.

**Covered person** means the covered *member* or any of the covered member’s covered *dependents* enrolled for benefits provided under this Plan.

**Custodial care** means *services* provided to assist in the activities of daily living which are not likely to improve *your* condition. Examples include, but are not limited to, assistance with dressing, bathing, preparation and feeding of special diets, transferring, walking, taking medication, getting in and out of bed and maintaining continence. These *services* are considered custodial care regardless if a *qualified practitioner* or provider has prescribed, recommended or performed the *services*.

**D**

**Deductible** means a specified dollar amount that must be satisfied, either individually or combined as a covered family, per *calendar year* before this Plan pays benefits for certain specified *services*.

**Dental injury** means an injury to a *sound natural tooth* caused by a sudden, violent, and external force that could not be predicted in advance and could not be avoided.

**Dependent** means a covered *member’s*:

- Legally recognized spouse;
- Natural blood related child, step-child, legally adopted child or child placed with the covered *member* for adoption, foster child, or child for which the covered *member* has legal guardianship, whose age is less than the limiting age.

The limiting age for each dependent child is the end of the birth month he or she attains the age of 26 years. *Your* child is covered to the limiting age regardless if the child is:

- Married;
- A tax dependent;
- A student;
- Employed; or
- Residing or working outside of the network area;
- Residing with or receives financial support from *you*.
- Eligible for other coverage through employment.

- A covered *member’s* child whose age is less than the limiting age and is entitled to coverage under the provisions of this Plan because of a medical child support order.
You must furnish satisfactory proof, upon request, to Humana that the above conditions continuously exist. If satisfactory proof is not submitted to Humana, the child's coverage will not continue beyond the last date of eligibility.

A covered dependent child who attains the limiting age while covered under this Plan will remain eligible for benefits if all of the following exist at the same time:

- Permanently mentally disabled or permanently physically handicapped;
- Incapable of self-sustaining employment;
- The child meets all of the qualifications of a dependent as determined by the United States Internal Revenue Service;
- Declared on and legally qualify as a dependent on the covered member's federal personal income tax return filed for each year of coverage; and
- Unmarried.

You must furnish satisfactory proof to Humana that the above conditions continuously exist on and after the date the limiting age is reached. Humana may not request such proof more often than annually after two years from the date the first proof was furnished. If satisfactory proof is not submitted to Humana, the child's coverage will not continue beyond the last date of eligibility.

Diabetes equipment means blood glucose monitors, including monitors designed to be used by blind individuals, insulin infusion pumps and associated accessories, insulin infusion devices and podiatric appliances for the prevention of complications associated with diabetes.

Diabetes self-management training means the training provided to a covered person after the initial diagnosis of diabetes for care and management of the condition including nutritional counseling and use of diabetes equipment and supplies. It also includes training when changes are required to the self-management regime and when new techniques and treatments are developed.

Diabetes supplies means test strips for blood glucose monitors, visual reading and urine test strips, lancets and lancet devices, insulin and insulin analogs, injection aids, syringes, prescriptive and non-prescriptive oral agents for controlling blood sugar levels, glucagon emergency kits and alcohol swabs.

Distant site means the location of a qualified practitioner at the time a telehealth or telemedicine service is provided.

Durable medical equipment (DME) means equipment that is medically necessary and able to withstand repeated use. It must also be primarily and customarily used to serve a medical purpose and not be generally useful to a person except for the treatment of a bodily injury or sickness.

E

Eligibility date means the date the employee or dependent is eligible to participate in this plan.

Emergency (true) means an acute, sudden onset of a sickness or bodily injury which is life threatening or will significantly worsen without immediate medical or surgical treatment.
**Expense incurred** means the fee charged for services provided to you. The date a service is provided is the expense incurred date.

**Experimental, investigational or for research purposes** means a drug, biological product, device, treatment or procedure that meets any one of the following criteria, as determined by this Plan:

- Cannot be lawfully marketed without the final approval of the United States Food and Drug Administration (FDA) and which lacks such final FDA approval for the use or proposed use, unless:
  - Found to be accepted for that use in the most recently published edition of Clinical Pharmacology, Micromedex DrugDex, National Comprehensive Cancer Network Drugs and Biologics Compendium, and the American Hospital Formulary Service (AHFS) Drug Information for drugs used to treat cancer, and is determined to be covered by this Plan (for additional details, go to www.humana.com, click on “Humana Websites for Providers” along the left hand side of the page, then click “Medical Coverage Policies” under Critical Topics, then click “Medical Coverage Policies” and search for Clinical Trials and Off-Label and Off-Evidence); or
  - Found to be accepted for that use in the most recently published edition of the Micromedex DrugDex or AHFS Drug Information for non-cancer drugs, and is determined to be covered by this Plan (for additional details, go to www.humana.com, click on “Humana Websites for Providers” along the left hand side of the page, then click “Medical Coverage Policies” under Critical Topics, then click “Medical Coverage Policies” and search for Clinical Trials and Off-Label and Off-Evidence); or
  - Identified by this Plan as safe, widely used and generally accepted as effective for that use as reported in nationally recognized peer reviewed medical literature published in the English language as of the date of service;

- Is a device required to receive Premarket Approval (PMA) or 510K approval by the FDA but has not received a PMA or 510K approval;

- Is not identified as safe, widely used and generally accepted as effective for the proposed use as reported in nationally recognized peer reviewed medical literature published in the English language as of the date of service;

- Is the subject of a National Institute of Health (NIH) Phase I, II or III trial or a treatment protocol comparable to a NIH Phase I, II or III trial, or any trial not recognized by NIH regardless of phase, except for:
  - Clinical trials approved by this Plan (for additional details, go to www.humana.com, click on “Humana Websites for Providers” along the left hand side of the page, then click “Medical Coverage Policies” under Critical Topics, then click “Medical Coverage Policies” and search for Clinical Trials and Off-Label and Off-Evidence); or
  - Transplants, in which case this Plan would approve requests for services that are the subject of a NIH Phase II, Phase III or higher when transplant services are appropriate for the treatment of the underlying disease;

- Is identified as not covered by the Centers for Medicare and Medicaid Services (CMS) Medicare Coverage Issues Manual, a CMS Operational Policy Letter or a CMS National Coverage Decision, except as required by federal law and excluding transplants.
**External review** means a review of an *adverse benefit determination* (including a *final internal adverse benefit determination*) conducted pursuant to the federal *external review* process or an applicable state *external review* process.

**F**

**Family member** means *you* or *your* spouse, or *you* or *your* spouse's child, brother, sister, parent, grandchild or grandparent.

**Final external review decision** means a determination by an *independent review organization* at the conclusion of an *external review*.

**Final internal adverse benefit determination** means an *adverse benefit determination* that has been upheld by this Plan at the completion of the *internal appeals* process (or an *adverse benefit determination* with respect to which the internal *appeals* process has been exhausted under the deemed exhaustion rules).

**Functional impairment** means a direct and measurable reduction in physical performance of an organ or body part.

**G**

**Gender dysphoria** refers to discomfort or distress that is caused by a discrepancy between a person’s gender identity and that person’s sex assigned at birth (and the associated gender role and/or primary and secondary sex characteristics). For a person to be diagnosed with *gender dysphoria*, there must be a marked difference between the individual’s expressed/experienced gender and the gender others would assign him or her and it must continue for at least six months. This condition may cause clinically significant distress or impairment in social, occupational or other important areas of functioning.

**H**

**Home health care agency** means a *home health care agency* or *hospital*, which meets all of the following requirements:

- It must primarily provide skilled nursing services and other therapeutic services under the supervision of physicians or registered *nurses*;

- It must be operated according to established processes and procedures by a group of medical professional, including *qualified practitioner* and *nurses*;

- It must maintain clinical records on all patients; and

- It must be licensed by the jurisdiction where it is located, if licensure is required. It must be operated according to the laws of that jurisdiction, which pertains to agencies providing home health care.
Hospital means an institution which:

- Maintains permanent full-time facilities for bed care of resident patients;
- Has a physician and surgeon in regular attendance;
- Provides continuous 24 hour a day nursing services;
- Is primarily engaged in providing diagnostic and therapeutic facilities for medical or surgical care of sick or injured persons;
- Is legally operated in the jurisdiction where located; and
- Has surgical facilities on its premises or has a contractual agreement for surgical services with an institution having a valid license to provide such surgical services; or
- Is a lawfully operated qualified treatment facility certified by the First Church of Christ Scientist, Boston, Massachusetts.

Hospital does not include an institution which is principally a rest home, skilled nursing facility, convalescent home or home for the aged. Hospital does not include a place principally for the treatment of mental health or substance abuse.

I

Independent review organization (or IRO) means an entity that conducts independent external reviews of adverse benefit determinations and final internal adverse benefit determinations.

Intensive outpatient means outpatient services providing:

- Group therapeutic sessions greater than one hour a day, three days a week;
- Behavioral health therapeutic focus;
- Group sessions centered on cognitive behavioral constructs, social/occupational/educational skills development and family interaction;
- Additional emphasis on recovery strategies, monitoring of participation in 12-step programs and random drug screenings for the treatment of substance abuse; and
- Qualified practitioner availability for medical and medication management.

Intensive outpatient program does not include services that are for:

- Custodial care; or
- Day care.
L

Late applicant means a covered member and/or a covered member's eligible dependent who applies for medical coverage more than 31 days after the eligibility date.

Lifetime maximum benefit means the maximum amount of benefits available while you are covered under this Plan.

M

Maintenance care means any service or activity which seeks to prevent bodily injury or sickness, prolong life, promote health or prevent deterioration of a covered person who has reached the maximum level of improvement or whose condition is resolved or stable.

Maximum allowable fee for a covered expense, other than emergency care services provided by Non-PAR providers in a hospital's emergency department, is the lesser of:

- The fee charged by the provider for the services;
- The fee that has been negotiated with the provider whether directly or through one or more intermediaries or shared savings contracts for the services;
- The fee established by this Plan by comparing rates from one or more regional or national databases or schedules for the same or similar services from a geographical area determined by this Plan;
- The fee based upon rates negotiated by this Plan or other payors with one or more participating providers in a geographic area determined by this Plan for the same or similar services;
- The fee based upon the provider’s cost for providing the same or similar services as reported by such provider in its most recent publicly available Medicare cost report submitted to the Centers for Medicare and Medicaid Services (CMS) annually; or
- The fee based on a percentage determined by this Plan of the fee Medicare allows for the same or similar services provided in the same geographic area.

Unless this Plan utilizes a higher paying shared savings network or pays the Non-PAR provider full billed rate, maximum allowable fee for a covered expense for emergency care services provided by Non-PAR providers in a hospital's emergency department is an amount equal to the greatest of:

- The fee negotiated with PAR providers;
- The fee calculated using the same method to determine payments for Non-PAR provider services; or
- The fee paid by Medicare for the same services.

Note: The bill you receive for services from non-participating providers may be significantly higher than the maximum allowable fee. In addition to deductibles, copayments and coinsurance, you are responsible for the difference between the maximum allowable fee and the amount the provider bills you for the services. Any amount you pay to the provider in excess of the maximum allowable fee will not apply to your out-of-pocket limit or deductible.
**DEFINITIONS** (continued)

*Maximum benefit* means the maximum amount that may be payable for each *covered person*, for expense incurred. The applicable *maximum benefit* is shown in the “Medical Schedule of Benefits” section. No further benefits are payable once the *maximum benefit* is reached.

*Medically necessary* or *medical necessity* means health care *services* that a *qualified practitioner* exercising prudent clinical judgment would provide to his or her patient for the purpose of preventing, evaluating, diagnosing or treating a *sickness* or *bodily injury* or its symptoms. Such health care *service* must be:

- In accordance with nationally recognized standards of medical practice;
- Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient's *sickness* or *bodily injury*;
- Not primarily for the convenience of the patient, physician or other health care provider;
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the patient’s *sickness* or *bodily injury*; and
- Performed in the least costly site.

For the purpose of *medically necessary*, generally accepted standards of medical practice means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations, the views of physicians practicing in relevant clinical areas and any other relevant factors.

*Medicare* means a program of medical insurance for the aged and disabled, as established under Title 18 of the Social Security Act of 1965, as amended.

*Mental health* means a mental, nervous, or emotional disease or disorder of any type as classified in the Diagnostic and Statistical Manual of Mental Disorders, regardless of the cause or causes of the disease or disorder.

*Morbid obesity* (clinically severe obesity) means a body mass index (BMI) as determined by a *qualified practitioner* as of the date of *service* of:

- 40 kilograms or greater per meter squared (kg/m²); or
- 35 kilograms or greater per meter squared (kg/m²) with an associated comorbid condition such as hypertension, type II diabetes, life-threatening cardiopulmonary conditions; or joint disease that is treatable, if not for the obesity.

N

*Non-participating (Non-PAR) provider* means a hospital, *qualified treatment facility*, *qualified practitioner* or any other health *services* provider who has *not* entered into an agreement with the *Plan Manager* to provide *participating provider services* or has *not* been designated by the *Plan Manager* as a *participating provider*.
DEFINITIONS (continued)

*Nurse* means a registered nurse (R.N.), a licensed practical nurse (L.P.N.), or a licensed vocational nurse (L.V.N.).

**O**

*Observation status* means hospital outpatient services provided to you to help the qualified practitioner decide if you need to be admitted as an inpatient.

*Off-evidence drug indications* mean indications for which there is a lack of sufficient evidence for safety and/or efficacy for a particular medication.

*Off-label drug indications* mean prescribing of an FDA-approved medication for a use or at a dose that is not included in the product indications or labeling. This term specifically refers to drugs or dosages used for diagnoses that are not approved by the FDA and may or may not have adequate medical evidence supporting safety and efficacy. Off-label prescribing of traditional drugs is a common clinical practice and many off-label uses are effective, well documented in peer reviewed literature and widely employed as standard of care treatments.

*Originating site* means the location of a covered person at the time a telehealth or telemedicine service is being furnished.

*Orthotic* means a custom-fitted or custom-made braces, splints, casts, supports and other devices used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body when prescribed by a qualified practitioner.

*Out-of-pocket limit* is a specified dollar amount that must be satisfied, either individually or combined as a covered family, per calendar year before a benefit percentage will be increased.

**P**

*Palliative care* means care given to a covered person to relieve, ease, or alleviate, but not to cure, a bodily injury or sickness.

*Partial hospitalization* means services provided by a hospital or qualified treatment facility in which patients do not reside for a full 24-hour period:

- For a comprehensive and intensive interdisciplinary psychiatric treatment for minimum of 5 hours a day, 5 days per week;

- That provides for social, psychological and rehabilitative training programs with a focus on reintegration back into the community and admits children and adolescents who must have a treatment program designed to meet the special needs of that age range; and

- That has physicians and appropriately licensed mental health and substance abuse practitioners readily available for the emergent and urgent care needs of the patients.

The partial hospitalization program must be accredited by the Joint Commission of the Accreditation of Hospitals or in compliance with an equivalent standard.
Licensed drug abuse rehabilitation programs and alcohol rehabilitation programs accredited by the Joint Commission on the Accreditation of Health Care Organizations or approved by the appropriate state agency are also considered to be partial hospitalization services.

Partial hospitalization does not include services that are for custodial care or day care.

Pharmacist means a person who is licensed to prepare, compound and dispense medication and who is practicing within the scope of his or her license.

Pharmacy means a licensed establishment where prescription medications are dispensed by a pharmacist.

Plan Administrator means Board of Trustees of the Kentucky Retirement Systems.

Plan Manager means Humana Insurance Company (HIC). The Plan Manager provides services to the Plan Administrator, as defined under the Plan Management Agreement. The Plan Manager is not the Plan Administrator or the Plan Sponsor.

Plan Sponsor means Kentucky Retirement Systems.

Plan year means a period of time beginning on the Plan anniversary date of any year and ending on the day before the same date of the succeeding year.

Post-service claim means any claim for a benefit under a group health plan that is not a pre-service claim.

Preadmission testing means only those outpatient x-ray and laboratory tests made within seven days before admission as a registered bed patient in a hospital. The tests must be for the same bodily injury or sickness causing the patient to be hospital confined. The tests must be accepted by the hospital in lieu of like tests made during confinement. Preadmission testing does not mean tests for a routine physical check-up.

Preauthorization means the process of assessing the medical necessity, appropriateness, or utility of proposed non-emergency hospital admissions, surgical procedures, outpatient care, and other health care services.

Predetermination of benefits means a review by Humana of a qualified practitioner's treatment plan, specific diagnostic and procedure codes and expected charges prior to the rendering of services.

Prescription means a direct order for the preparation and use of a drug, medicine or medication. The drug, medicine or medication must be obtainable only by prescription. The prescription must be given to a pharmacist verbally, electronically or in writing by a qualified practitioner for the benefit of and use by a covered person. The prescription must include at least:

- The name and address of the covered person for whom the prescription is intended;
- The type and quantity of the drug, medicine or medication prescribed, and the directions for its use;
- The date the prescription was prescribed; and
- The name and address of the prescribing qualified practitioner.

Pre-service claim means a claim with respect to which the terms of the Plan condition receipt of a Plan benefit, in whole or in part, on approval of the benefit by Humana in advance of obtaining medical care.
**Protected health information** means individually identifiable health information about a *covered person*, including: (a) patient records, which includes but is not limited to all health records, physician and provider notes and bills and claims with respect to a *covered person*; (b) patient information, which includes patient records and all written and oral information received about a *covered person*; and (c) any other individually identifiable health information about *covered persons*.

*Provider contract* means a legally binding agreement between Humana and a *participating provider* that includes a provider payment arrangement.

**Q**

*Qualified practitioner* means a practitioner, professionally licensed by the appropriate state agency to diagnose or treat a *bodily injury or sickness*, and who provides *services* within the scope of that license.

*Qualified treatment facility* means only a facility, institution or clinic duly licensed by the appropriate state agency, and is primarily established and operating within the scope of its license.

**R**

*Residential treatment facility* means an institution which:

- Is licensed as a 24-hour residential facility for *mental health and substance abuse treatment*, although not licensed as a *hospital*;

- Provides a multidisciplinary treatment plan in a controlled environment, with periodic supervision of a physician or a Ph.D. psychologist; and

- Provides programs such as social, psychological and rehabilitative training, age appropriate for the special needs of the age group of patients, with focus on reintegration back into the community.

Residential treatment is utilized to provide structure, support and reinforcement of the treatment required to reverse the course of behavioral deterioration.

*Retail Clinic* means a *qualified treatment facility*, located in a retail store, that is often staffed by nurse practitioners and physician assistants who provide minor medical services on a “walk-in” basis (no appointment required).

*Retiree* means you as a former *covered member*, who meets the requirements for retirement as determined by Kentucky Retirement Systems (KRS).

*Room and board* means all charges made by a *hospital* or other *health care treatment facility* on its own behalf for room and meals and all general services and activities needed for the care of registered bed patients.

**S**

*Services* mean procedures, surgeries, examinations, consultations, advice, diagnosis, referrals, treatment, tests, supplies, drugs, devices or technologies.
Sickness means a disturbance in function or structure of your body which causes physical signs or symptoms and which, if left untreated, will result in a deterioration of the health state of the structure or system(s) of your body.

Sound natural tooth means a tooth that:

- Is organic and formed by the natural development of the body (not manufactured);
- Has not been extensively restored;
- Has not become extensively decayed or involved in periodontal disease; and
- Is not more susceptible to injury than a whole natural tooth.

Specialist means a qualified practitioner who has received training in a specific medical field other than those listed as primary care.

Specialty drug means a drug, medicine or medication, or biological used as a specialized therapy developed for chronic, complex sicknesses or bodily injuries. Specialty drugs may:

- Be injected, infused or require close monitoring by a health care practitioner or clinically trained individual;
- Require nursing services or special programs to support patient compliance;
- Require disease-specific treatment programs;
- Have limited distribution requirements; or
- Have special handling, storage or shipping requirements.

Substance abuse means the abuse of, or psychological or physical dependence on, or addiction to alcohol or a controlled substance.

Summary Plan Description (SPD) means this document which outlines the benefits, provisions and limitations of this Plan.

Surgery means excision or incision of the skin or mucosal tissues, insertion for exploratory purposes into a natural body opening, insertion of instruments into any body opening, natural or otherwise, done for diagnostic or other therapeutic purposes, treatment of fractures or procedures to repair, remove or replace any body part or foreign object in or on the body.
**Telehealth** means services, other than telemedicine, provided via telephonic or electronic communications. Telehealth services must comply with the following, as applicable:

- Federal and state licensure requirements;
- Accreditation standards; and
- Guidelines of the American Telemedicine Association or other qualified medical professional societies to ensure quality of care.

**Telemedicine** means audio and video real-time interactive communication between a covered person at an originating site and a qualified practitioner at a distant site. Telemedicine services must comply with the following, as applicable:

- Federal and state licensure requirements;
- Accreditation standards; and
- Guidelines of the American Telemedicine Association or other qualified medical professional societies to ensure quality of care.

**Timely applicant** means a covered member and/or a covered member’s eligible dependent who applies for medical coverage within 31 days of the eligibility date.

**Total disability** or **totally disabled** means:

- During the first twelve months of disability you or your employed covered spouse are at all times prevented by bodily injury or sickness from performing each and every material duty of your respective job or occupation;

- After the first twelve months, total disability or totally disabled means that you or your employed covered spouse are at all times prevented by bodily injury or sickness from engaging in any job or occupation for wage or profit for which you or your employed covered spouse are reasonably qualified by education, training or experience;

- For a non-employed spouse or a child, total disability or totally disabled means the inability to perform the normal activities of a person of similar age and gender.

A totally disabled person also may not engage in any job or occupation for wage or profit.

**U**

**Urgent care claim** means any claim for medical care or treatment when the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function; or

- In the opinion of the physician with knowledge of the claimant’s medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment recommended.
V

*Virtual visit* means *telehealth* or *telemedicine* services.

Y

*You and your* means any *covered person.*
